FROM THE EDITOR'S DESK

Our annual magazine "*The Gospel Light*" brings to the readers the aspects of existence in Gospel High School. This has been a great year for our community- we saw many successes, in the academic field, the sports, the spiritual life of our students and excellent performance of our teachers. We live in a society which increasingly believes in things that you touch and see. The joke is that these things don't matter at all. The things that matter are the ones that you don't see and touch- humour, courage, perseverance, loyalty and most importantly integrity. Our magazine committee brought together a group of enthusiastic people. We were able to tap potentials which exist within each one. Working under pressure can produce wonders. Thank you Magazine Committee. I take this time to congratulate our first ever lady Principal, Mrs. Vindula Naidu for her appointment. This is certainly a great achievement and break through for our Gospel community. The one aspect that makes us tick is - while living our community life, we still try to retain our individuality. I thank the head of the Language department- Mr. Nagelekalou, for your help and the magazine committee for your hard work ^{without} which we wouldn't have achieved our aim: *the realisation of GOSPEL LIGHT 2001*.

The Chairpersons Report

This year has been a challenging one for all of us. The political crisis of May 2000 that had befallen our beloved country is still having a major impact on the lives of all in the school community.

The picture of Jesus with the little ones in His arms is very beautiful. Jesus takes a child in His arms; there is love, tenderness, protection. The bosom is the place of warmth, of affection, of intimacy, of confidence. The encircling arms imply safety, support, shelter. He lifted up a child and held it in His arms; so He carries His people through this world. He does not merely tell them how to go, but He takes them on His shoulders, carrying not their burdens only, but themselves. Thus, He bears them on through life and through death.

J.R. Miller

Instead of trying to escape from our problems, let us try encompassing them with God.

Again this year, the High School Committee has done tremendous work in managing the Gospel High School. They have met consistently every month and made major decisions related to an efficient 'running' of the school. I thank all members of the committee for their dedication and commitment in this manner to the school. May the good Lord bless you in the important part that you play.

The Gospel High School is a large school. It caters for the needs of many lives. Everyday there are many people who interact with each other in the school vicinity – all working together. I would like to thank all the **staff, students** and the **parents** for their continued hard work and support this year. We commend the work of our Scripture teachers, under the leadership of Mr. Eliko Lalauvaki, in reaching out into the lives of the children. Thank you for the great work you are doing in the area of evangelism.

I would like to share an article I received recently relating to the sad incidents of September 11th, 2001, in USA.

Billy Graham's daughter was being interviewed on TV in USA and she was asked, "How could God let something like this happen?" And Anne Graham gave an extremely profound and insightful response. She said "I believe that God is deeply saddened by this, just as we are, but for years we've been telling God to get out of our schools, to get out of our government and to get out of our lives. And being the gentleman that He is, I believe that He has calmly backed out. How can we expect God to give us His blessing and His protection if we demand that He leave us alone?"

Let us all be very mindful of God's place in our and our children's lives.

I take this opportunity of welcoming Mrs. Vindula Naidu as the Principal of Gospel High School. She is no stranger to the Gospel School community having taught at the school for about 25 years. It is a pleasure working with her in her new role at the school. I would also like to welcome the new chairman of the Gospel Council of Education (COE), Mr. David Whippy, and look forward to working with him. To the Gospel COE, our friends here, our friends overseas and the Board of Elders, thank you for your prayers and support. Thank you

to Ms. Salome Robinson for her work in the office for these past few years and a welcome to Mrs. Betty May who has joined the office staff.

I also take this opportunity to express our deepest sympathies to our brother, Mr. Hugh Badger, in the passing away of his dear wife and our friend, Mrs. Adeline Badger, earlier this year in Palmerston North, New Zealand. We're sad because she is no longer with us, but glad she is now free of pain and rejoicing with her Lord. The Lord has been gracious to our dear friend. We will miss her quiet love and concern and encouragement. We thank the Lord for her beautiful life.

Let us continue to support the school in whatever way we can and may we all continue to work together to bring glory to our heavenly Father.

Have a blessed Christmas and best wishes for 2002.

PRINCIPAL'S REPORT

As I sit down to write my first official report at the end of the year, I cannot help but, quote:

Each dawn holds a new hope for a new plan, making the start of each day (year) the start of a new life

Gina Blair

There is every possibility that with good planning, commitment and TRUST in the Lord, we will go on to achieve our mission and vision for the school for 2002.

This year has been a year of changes not only in the school administration, but in staffing as well. Most staff have been new to the school and some are new graduates with this as their first appointment. However, they have all shown the greatest commitment to their work. I take this opportunity to formally thank you all for a task that often goes unappreciated.

I must not forget to thank the former Principal, Mr Arthur Crane for his help at the start of the year. His presence allowed for a smooth transition.

The HOD's - most new to the school and many in acting positions - you have done great work considering the many new demands placed in your hands this year.

Mrs Narayan, the school's acting Assistant Principal - your genuine interest in ALL the students of the school and their welfare is greatly appreciated. I know this is a very demanding position and you have handled it with great devotion.

Mrs Reddy, the acting Vice Principal has been a great support to me in the daily running of the school. This task requires total commitment and I want to sincerely thank Mrs Reddy for being there for me in all circumstances. Together, we have enjoyed the challenge of running such a large school.

The High School Committee and the Council for Education have always encouraged and provided direction for the smooth running of the school. Mrs Sharon Singh, Chairperson of Gospel High School Committee, has been a constant source of encouragement, advice and prayers. I have learnt to rely on these a lot.

The progress continues. The school, once again allowed students to sit for the Australian Science, English, Mathematics and Computing tests. One of our students, Ashnil Kumar secured a higher distinction in all areas and even bagged the Gold Medal in Science. Some others have done equally well in their areas of interest.

Another proud achievement was the third position gained by the Form Seven team in the Fiji Mathematics Association quiz at the National level. Congratulations to the team!

In the Sports area our U-15 team reached the quarter finals - a proud milestone for us.

A major arm of the school is the school's Christian Education area. The dedicated team of teachers, under Eliko Lalauvaki's leadership, have continued to provide the much needed support in counselling and home visits. These people form an integral part of the "wholesome education" the school endeavours to provide.

To the other staff, who often are taken for granted in the office and the grounds - your invaluable service is what keeps the school going each day.

I must not forget to thank all the parents and well-wishers of the school who have provided continuous support and prayers for me and the school. The Prefect body and the Student Council deserve grateful thanks for working with the staff and providing the necessary help in all areas of school life.

The year had its fair share of upsetting moments but the two that need to be mentioned are the sad loss of Mrs Adeline Badger who was a familiar sight in the school when she accompanied Mr Hugh Badger - who provided such invaluable service to the school for many years and Mr Theo Albrecht, one of the founding Principal's of the school. We wish to offer our deepest sympathies to the two families. We pray for peace and comfort for you at this time. Their work at the school will be remembered and appreciated always.

Let us then continue to work together for our children with this thought in mind.

Everything around me may change, but our God is changeless!

HEAD BOY'S REPORT

Firstly, I would like to thank the Almighty God, without whom, I wouldn't have been chosen to take up the position and responsibility of Head Boy of my beloved Gospel High School.

This year came with challenges and yet full of fun. It was an honor for me to accept the "Gold Badge" bearing in mind the responsibility, commitment and the duty that go with it.

Being in a position such as this makes me a much stronger person but I do not take advantage of this, instead I provided my services to aid anyone in need. I am grateful for the support that I had from my parents. I would like to express my appreciation to the Principal, the Vice-Principal, members of the staff (especially Mrs. L. Kavika and Mrs. S. Narayan), and Gospel High School as a whole, for giving me the opportunity to have a hand in the development and in the successful running of the school for the year 2001. I would also like to thank the Head Girl, Melaia. T for her assistance throughout this year and not forgetting the two Deputies, Maivon. S and Farzina. B. I must also say a big "vinaka vakalevu" to all the hard-working prefects who worked together for the benefit of the school.

I would like to wish the future Heads and Deputies of Gospel High School all the best. Lastly, good luck with your exams and have a Merry Christmas and a Prosperous New Year and remember "united we stand, divided we fall".

Goodbye and God Bless!

HEAD GIRL'S REPORT

Proverbs 2v6

"It is the Lord who gives wisdom; from Him come knowledge and understanding".

I believe that anything the human mind can conceive, it can achieve. Firstly, I would like to convey my deepest gratitude to those who appointed me the Head Girl for the year 2001. I looked upon this appointment as a privilege and a blessing. I must admit that every position carries with it a responsibility. This position placed upon me an added task apart from my schoolwork and other things to which I was committed. This opportunity has enabled me to develop leadership qualities.

Secondly, I would like to thank my parents for being supportive throughout the year. I would like to thank the Prefects this year who beyond doubts have proved themselves capable leaders of tomorrow. They performed their duties with dedication. I would also like to thank the Head Boy, the Deputy Heads and the members of the staff of this prestigious school for their support which has been a source of strength to me. My hearty thanks go to the Principals under whose guidance and order we were able to maintain discipline. My appreciation also to Mrs. Kavika for her words of wisdom and hope which kept me going in times of difficulty. I wish you all the best. May the blessings of our Lord be upon you all.

SCRIPTURE DEPARTMENT REPORT

The last few years have been very eventful as far as world events are concerned. Come this year, the experience of the coming apocalypse was imminent with the bombing of the World Trade Center. This world is not going to be the same again. Daniel's vision of a churned sea is the focus of television stations around the world everyday. It appears that the Four Horses of Destruction in the Apostle John's vision have finally arrived. It looks like the world is in for Big Time!

Many people begin to ask about the present and future state of the world. We should hear what Jesus said, " *Do not be alarmed these are the beginning of birth pains.*" In other words there are more serious ones coming later. With all these, I am grateful that our vision is not impaired. In fact these happenings is expected to solidify and enhance the salvation message we share everyday.

While the war on terrorism mounts on in America, there is a bigger one too that goes on around us everyday. The battle between good and evil, God and the Devil. Unfortunately, innocent workers too are the targets of the enemy's attack to immobilize them. He has to do this because his time is very short. The Devil's tactic is to create as many distractions as possible to make Christians incompatible and complacent. Therefore making the Good News to lie dormant. We saw this in our Core Group this year. As we come towards the end of Term 3, the group's mentality, killing the very purpose of their existence. Next year will be a challenging year and renewed vision concerning this for the leadership team.

FLASH NEWS

- We were commended by Scripture Union for consistently staging a multi-racial group in all S.U Rallies and concerts.
- Problematic students' homes were visited, minimum of 3 homes per week.
- Minimum of 78 students are counselled every month at a rate of 6 per day.
- A Form 7 class had the privilege of visiting some firms in Suva. Our grateful thanks to them especially to Mr. Howard Politini, Mr. J Tonawai, Mr. S. Matalomani - Colonial, Capt. Taito and the Army Media Team for a wonderful presentation. At the Army camp many of them were handling military weapons for the first time- it could be a lifetime experience.

LANGUAGE DEPARTMENT REPORT

The aftermath of the coup was and is still felt long after it had gone when Gospel High School opened its doors to forms five and seven at the beginning of this year. However, that did not deter work or dampen the spirits of the enthusiastic language staff for the year 2001. The task on hand, for the department is to impart and instill in our students linguistic know-how and skills to equip them with into a language diversify Fiji. At the start of the year, the department finds itself with the following staff teaching various forms:

The transfer of teachers lent the department three more charming women in the course of the year; Miss Nandani Singh replacing Miss Luisa Seruvatu, Mrs. Pushpa Lal replacing Mrs. Kamlendra Chang who has left our shores for the US and an additional staff, Mrs. Vikasni Kumar. I would like to record some outstanding achievements for the year:

- The Inter-Form Drama in term two - an overwhelming success

COMMERCE DEPARTMENT REPORT

We started our academic year with a couple of changes in our department. Our department lost the services of a very experienced computer teacher, Mr. V. Pillay, as well as Mrs. P. Kumar and Ms. S. Singh who left for greener pastures. The replacements in the computing section were Mr. F. Mohammed and Mr. D. Prasad. At the beginning of Term 3 our department farewelled Mr. F. Mohammed who joined FIT as a lecturer. His replacement is Mr. R. Sharma. We wish the former teachers the very best and warmly welcome the new teachers.

Our department consists of six teachers and they teach the following subjects:

Mrs. M. Aiyub F7, 6, 5 Accounting.

Mr. D. Prasad F7, 6, 5 Computing.

Mrs. R. Appana F7, 5, 4 Economics, F4, 3 Accounting.

Mrs. M. Affroze F6, 4, 3 Economics, F3 Accounting.

Mrs. L. Kavika F6, 5 Economics, F4, 3 Accounting.

Mr. R. Sharma F6, 5 Computing.

I am greatly thankful to my department for their commitment, dedication and support during the year. They have been working tirelessly to improve on the results from last year and hopefully our students will score high marks this year.

Also, many thanks to our Principal for her constant support, guidance and words of encouragement throughout the year.

Lastly, thank you to the school committee for upgrading the resources in our department and for purchasing the much needed expensive textbooks for the commerce department in the school.

Our department wishes all the students sitting external exams this year the very best of luck and study hard to achieve better results.

SOCIAL SCIENCE DEPARTMENT REPORT.

Social Science is the "landmark" in the education system. It inculcates in a child the norms and values that becomes an integral part of a person's life.

The teachers in the department have a challenging role. I hope that there would be a smooth transition into the new syllabus, which would be implemented in 2002. It will be very demanding for the teachers with the new assessment system.

The teachers in the department have shown a lot of professionalism in their approach to teaching. Two new teachers joined the department this year namely Nandini Singh and J Kotobalavu. There had been limited excursions this year due to financial and security reasons.

The external exam results for Social Science, History and Geography had been encouraging in the past years. Concerted effort is being made this year to maintain and improve the results this year.

The teachers in the department are:

P.E.M.A.C. DEPARTMENT

Distinctively, Physical Education, Music, Art and Craft are the 3 components of PEMAC and they are disciplines on their own. They combine to form an integral part of a school curriculum, gearing up and faring with other academic pursuits.

We are more concerned with the shaping and equipping students for their future should they be academically unsuccessful in their pursuits. Every year The department draws up a programme that would be beneficial to each student in a class, self motivating, self rewarding and self- fulfilling.

There has been a lot of reshuffling in the department this year! We had to farewell 2 of our long serving members of the department, Mrs.Dikinisa Dawai and Mr.Josua Raicakacaka. We wish both of them well in their future careers. The department was also blessed by the new member of staff; Mr. Chris Waqa who is a graduate of F.C.A.E-a big asset to the school.

We have managed to keep up well with all our teaching loads but with sporting competitions we are very thankful to those hands who were more than willing to help in the coaching of our sporting teams. We would like to thank our male teachers who spent their time and money on our Rugby and Soccer boys and our female teachers for coaching our Hockey and Netball teams. Without you all we wouldn't have functioned so smoothly like we did.

I would also like to thank Mrs.Naidu, the principal for the advice, guidance and support towards the PEMAC department.

Last but not the least, to all members of staff of Gospel High- A big VINAKA VAKALEVU for your co-operation and support during our athletic season.

May we all have a merry Christmas and a Happy 2002.

HOME ECONOMICS DEPARTMENT REPORT

This year has been especially challenging for me as two Heads of Department were transferred one after the other.

I am greatly indebted to Mrs. Bal Gautam and Mrs. Reena Chandra for their professional advice and support during their short stay in the department. Straight after the transfer of Mrs. Chand,

Mrs. Rohini Naidu joined me.

This year we have three streams of Forms 3&4 Home Economics and one stream of Form 5&6 Food and Nutrition. Mrs. Naidu is handling two streams of Form 3 and 4 and I look after the other streams as well as Form 5&6 Food and Nutrition. A total number of 39 students will sit for Fiji Junior Examination and 16 for Fiji School Leaving Certificate. To all our candidates, we wish you all the best of luck.

This department is well furnished, equipped and maintained. These facilities have helped the required theory and practical requirements for external exams to be successfully completed.

At this point, I would like to thank the Principal and the School Management for providing the necessary equipment in order to run the classes. A big thanks you to my colleague, Mrs. Rohini Naidu, for her dedication and support throughout the year. On behalf of the department, I wish you all a very relaxing and enjoyable holiday.

Year 2001 is really a challenging year for the department, because it has to be committed to its vision and mission despite all odds.

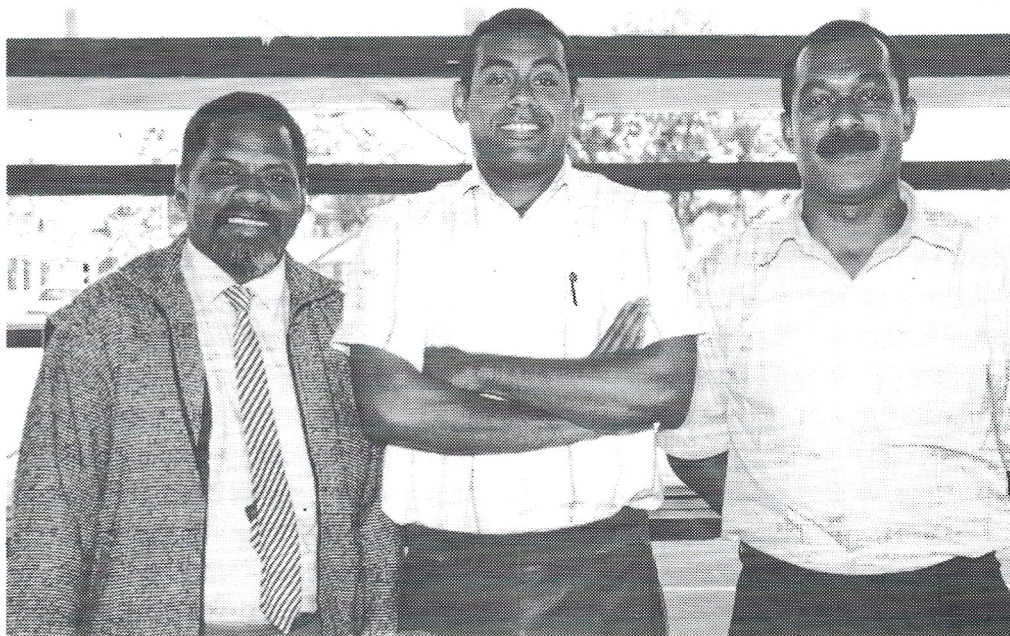

The department consists of three teachers, namely Mr. Kiniviliame Naciqa, Mr. Peni Manulevu replacing Mr. Rohit who left at the end of the first term and Mr. Isireli. Mokunitabua.

The Department also offers subject from form three to form seven. With the subject offered, T/D is offered up to form seven where as W/Work is offered up to form six only. There were 298 students altogether taking Industrial Arts subjects. Out of these 298, 16 are girls, which is quite encouraging. Of the 16 girls, none is taking W/Work. We hope that in the near future, girls will be encouraged to take up W/Work instead of T/D only

Finally, I would like to thank the principal and the school board for their continuous help and last but not the least to Mr. Peni and to Mr. Kini for their dedication and hard work.

May you all have a Merry Christmas and a Happy New Year.

AGRICULTURAL SCIENCE DEPARTMENT REPORT

The department of Agricultural Science consists of two enthusiastic members namely Mr. Sharma and Mrs. R. Prasad.

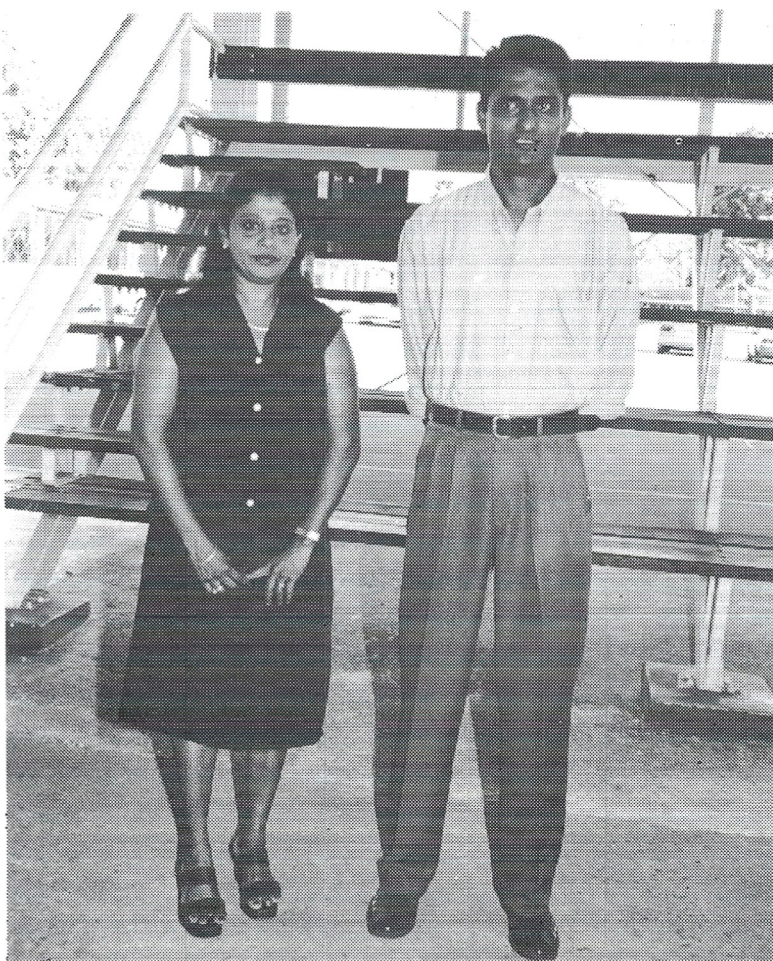

Agricultural Science is a very new subject to this school which actually kick started last year. We have about 55 students in Forms 4 and about 63 students in Form 3 taking Agricultural Science. Next year this will be introduced in Form 5 and by 2004, it will be taken up in Form 7 level.

Year 2001 was a very pleasant year for our department, without any major problems, the students enjoyed their classes and the most enjoyable time was during our vegetable and poultry practicals where the students gained hands on experience. Overall, it was a very successful year and we are hoping for a good result in FJC. The department accords its well wishes to all the students appearing for FJC Examination this year.

With this note I would like to thank the administration for their dedicated support, other staff members and the office staff for the help rendered towards this department. A special thanks to Mrs. R. Prasad. In addition, I would like to thank Mr. Anil for his assistance towards this department.

Merry Christmas and a blessed New Year to everyone.

PREFECT'S REPORT

There were a total of 48 senior students chosen as prefects for the year 2001. Included were the Head Prefects, Waisea and Melaia ~~as~~ the deputies, Maivon and Farzina.

The year brought many challenges for our dedicated and hardworking prefects. These were overcome with the hard work of the teachers and the prefects who worked like the enzyme - lock and key model, overcame the challenges.

On behalf of all the prefects, I would like to thank all the teachers of the school for their support throughout the year. Mrs Narayan, Mrs Reddy and Mrs Naidu.

LIBRARY REPORT

Greetings to you from the library desk!

The library is the Resource and Information center of any school because apart from providing information, the library also helps pupils in finding and using information. These skills are quite essential as students, progress to higher education and eventually into the work force.

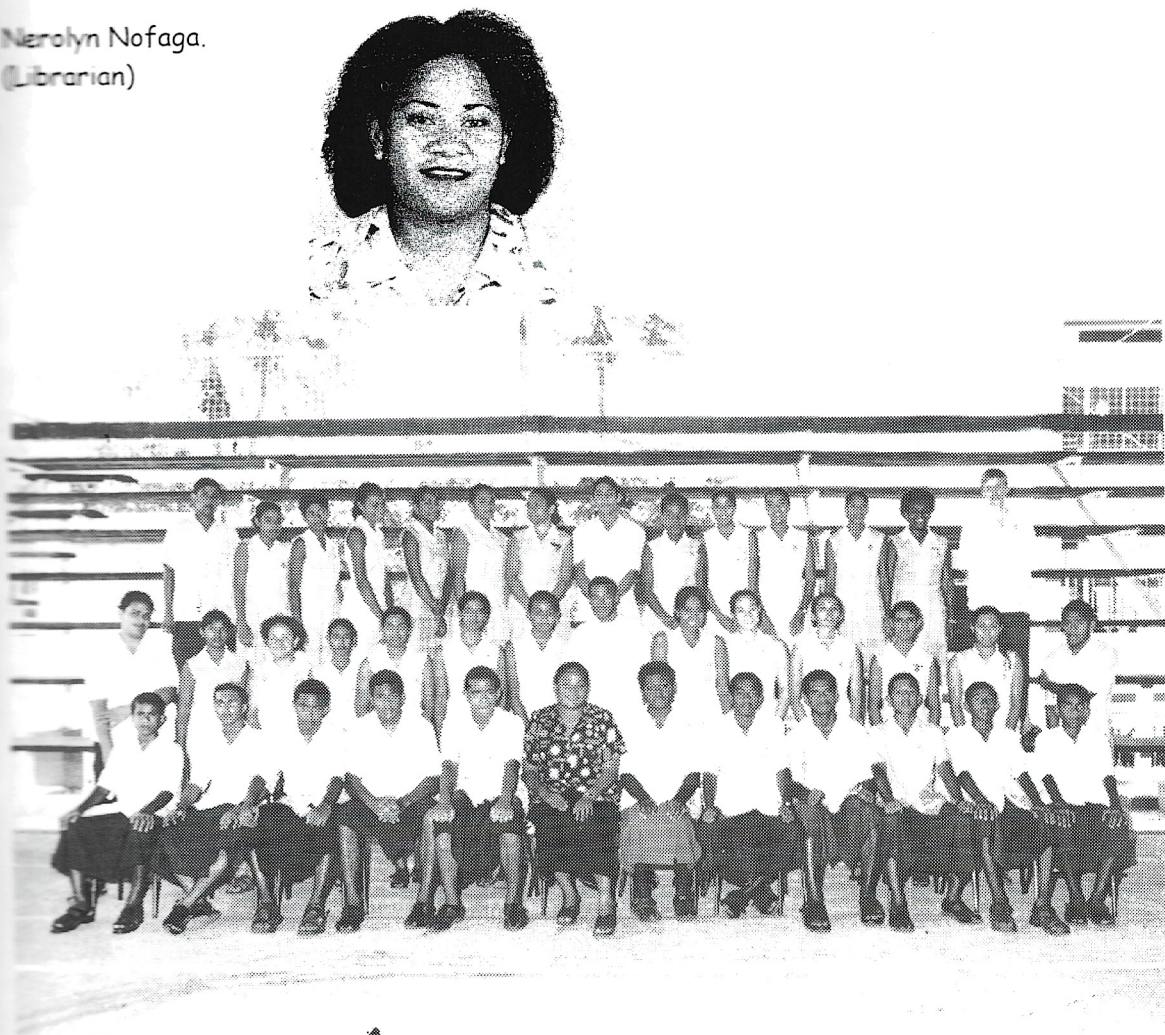

We at Gospel High School should be proud of our library because our library is quite well equipped compared to those of other schools, With the arrival of new information and communication technologies, such as the CD-ROM database and the Internet. The school looks forward to incorporating these new technologies into our library system in the near future.

In conclusion, I take this opportunity to thank all teachers and class librarians for their support and contribution to the organisation of our library this year. I also pay tribute to Ms. Jocelyn McDonald of New Zealand for her continuous support throughout the years.

May God bless you, Ma'am.

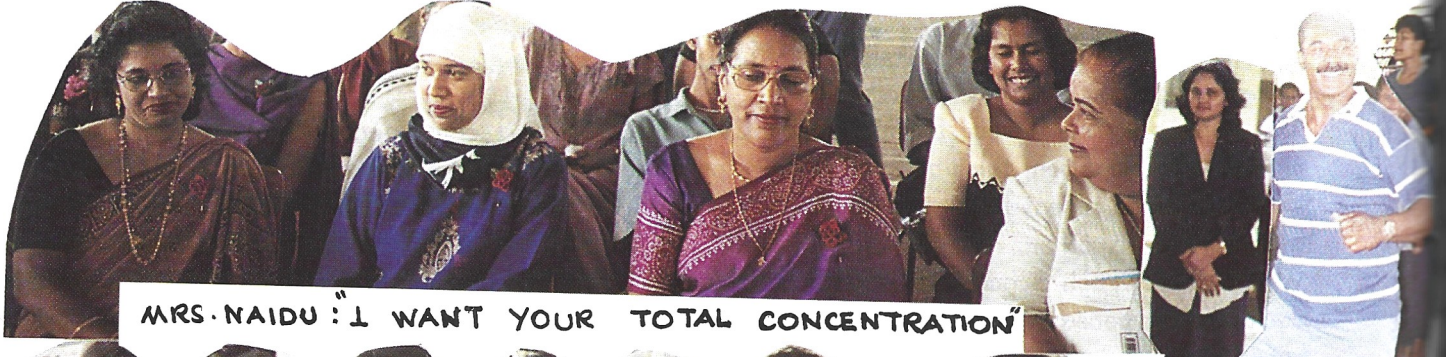

I wish you all a *Merry Christmas* and a *Happy New Year*.

FORM 7A FORM REPORT,

The year 2001 has been quite a memorable one for us Form 7A's of room 30. We started late (about 5 weeks after) and were quite anxious about what it was going to be like. Form 7A has managed to bring together students from a variety of schools and a variety of backgrounds. 7A, has come to be a unique form which has been bounded with ties of love, friendship and companionship. We have gone through the trials of Form 7 academically, spiritually and mentally but through it all we have come out an undeniably great team of brothers & sisters led by a great lady, teacher and friend Mrs. Appana. She, has been an instrumental figure behind us, always encouraging us and pushing us to strive for the best to become the best. So ma'am, we thank you and wish you all the best in your future endeavours.

To the Form 7A of 2001, I wish you all the best for your final exams and may God Bless and Guide you and may you all prosper in whatever you aspire.

FORM 7B REPORT

As school began for us, at about mid-February, a multi racial group of scientists, accountants, economists, and historians reigned in Room 31 of the Benaiah building, which we, 7B's call the senior block of Gospel High, with Mrs. Saxena as our form teacher. Due to her departure, we experienced a whole lot of changes especially in classrooms. We were told that we were too vocal and had to be removed from Room 31. To tell you the truth, we have practically entered all the classrooms of GHS for one reason or another. We then welcomed Mr. H. Singh as our Maths and Form Teacher, who made the 'equation more complex than the original'. We would wait in the Foster Crane Hall after every class either waiting for the next available classroom or to be chased by anyone to class. However all our different experiences during our stay in GHS has helped to form a bond of friendship that no one would ever regret and that the happiness would forever remain. At this point it is only right to thank everyone for tolerating all of us and for not giving up especially to all our subject teachers for your words of wisdom and encouragement and to Mr. Eliko for his lessons on leadership and for preparing us for the outside world. To the principal, Mrs. Naidu, as our great chef for mixing the right ingredients while forming the *geniuses* of 7B (Via geniuses). To Mr. H. Singh and Joe our form captain, thanks for controlling us when we needed to be but the story doesn't end there, to our student council reps. Luke and 'Ofa for not attending the meetings. To all of us 7B's, our year has been one of the greatest, unfortunately all good things must come to an end. To Mrs. Saxena, farewell and may you prosper in future endeavors.

MAY YOU ALL HAVE A BRIGHT AND MERRY CHRISTMAS AND A SPLASHING NEW YEAR! MOCE GOSPEL HIGH AND MAY GOD'S BLESSINGS BE UPON YOU ALL!!**

6C FORM REPORT

Hey! Let me introduce to you the babes and the hunks of the world of six science. Before you I present the 6C of GHS for the year 2001.

I'll start with the leader of our pack, Miss Prasad. If you've seen her, you've seen them all. Then Our four form captains, Joeli, Kiran, Litia, and Vimal who need to be reminded of their duties every morning. They set very good examples for us (Not!). The giggling gases of our form are Smita, Marilyn and Veronica. Our highly qualified scientist Ashmir, Farzina and Namrita are still trying to invent a gas to stop them from giggling (God help them). Moving on to our models wanna be Priya and Sheel, who are in competition with our Miss High and Mighty, Ursula. The beauties of our form: Vama, Litia, Asenaca, Kalo, Unaisi and Seimimili are the pro's in "vakaching" people. Talei is our short basketball player and Sarika is our dictionary of swears. Kini, Lice and Mereseini are the 3 musketeers. Divya is our upcoming Britney Spears for the Scripture Department. Redina is our Tuvaluan babe and Rajneel is the wise old one. Sera, Ana and Jan are the silent ones while Mela and Steven are the vocals in our Form. Dharmend, Anthony and Sotia are very good friends of Mrs Naidu (I wonder why) Saini K and Saini V are the total opposite of each other. Joseph is late almost late everyday, his excuse - too much telling stories at night (I wonder to who). Asesela is our silent killer. We wish all those who have left us for better opportunities, Gareth, Leo, Livai, Mere D, Meraia, and Darrel all the best in da future. I would like to thank all our subject teachers for tolerating our very good manners (vaya) throughout the year. May the blessing of X-Mas and joy of the coming New Year be with ya all.

FORM 6D REPORT

At the beginning of this year, I entered room 21 to find a bunch of smiley faces. I also found out that they had a goal that they would like to achieve at the end of the year - ie to pass their FSLC. This is possible with the help of seven teachers allocated to teach us in every subject we take.

On behalf of Form 6D, I would like to thank all the teachers who taught us this year especially Mrs Kavika for being a pillar of strength to us in every circumstance we went through.

THANK YOU MRS KAVIKA.

I would like to wish everyone the best in their future and a joyous Christmas and a very wet New Year.

FORM 6E REPORT

Our Form has traveled a long way to being one of the most unpredictable. We are located at Block 31, Upper floor, Breezy side of the Benaiah Building.

As friends, classmates and as a team, We the 6-Errs have Probably gone through all the toughest and happiest moments together. Each moment we have savoured until the moment we part and to tread. But now we have to step into the world and use the tools to lead us to different destinations. We have been taught in this wonderful place about physical, spiritual, academic and most importantly, moral intelligence. So, as we approach the end of another year, we would like to thank our Form Teacher Mr.Lal, who had guided us through this tough year and also to the rest of our subject teachers, for their help and teachings and not forgetting Mr.Qoro who left us at the end of Term 2 for fairer stars. FORM 6F REPORT

The Form 6F of 2001, has not only been a class but a family. We had a new member in the family and that is Mrs Affroze's little baby girl who had entered this world in amazement and wonder. My assistant form captain, Bai Rabuatoka has been very supportive and helpful throughout the year - A big thank you to him.

Kids of our form are nice yet naughty. Still, they are hard working. To make our teachers proud is our aim. To raise the school name and speak it with a proud heart that we are the ex-Gospelians.

So good luck to all and best wishes for the coming year. Merry Christmas to you all and a happy New Year.

FORM 5G REPORT

Introduction:

Scientists say that the world started with a BANG! That is how the Scientific 5ers began the year 2001. Gospel recruited a new bunch of scientists into room 32, consisting of 27 girls and 15 boys from all works of life, under the leadership of Mrs.Deo, who found it hard at first to cope but got the hang of it later. Although most consider us notorious and irresponsible, we believe that our uniqueness made us eager and enthusiastic to explore the unknown. We believe that education is our life and we shall guard it well.

Aim: To be successful.

Method: Hard work, total concentration and sacrifice.

Materials: A drop of ink, $\frac{3}{4}$ paper, our 5 senses, $\frac{1}{4}$ of our brain.

Results: We would like to thank our subject teachers for their tireless efforts, patience and never ending guidance throughout our first experience of the facts of science, not forgetting our interim form teacher Mr. Tuima for being there for us in the absence of Mrs.Deo.

Conclusion: To all may your Christmas be filled with Joy and your New-Year be one of Prosperity.

5H REPORT

It was at this time of the year 2001, where a new pure commerce form was formed. The only laws of this form were learning and studying for next years FSLC. Altogether we make up a total of 45 students of different races that were once led by Mrs. Chang, who then later abandoned us at Term Two, but was later replaced by Miss Singh, who is now taking control.

This is the form that has a spiritual, mental and physical attraction of subject teachers who we got along with and who we will never forget. We would like to thank you for all your advice and your teachings that made us learn and study for our exams. That has made us a better person today and directs us on the right path that will guide us in the future. So thank you.

So before we go and have a good time, we would like to wish you all a merry Christmas and a happy New Year. Take care because we care. Until we all meet again next year!

5I FORM REPORT

Philippians : 4:13 I can do all things through Christ who strengthens me.

As nights about to dawn to yet another education year, one can always turn our history pages and reminisce fondly about past experiences that made the year 2001 THE YEAR THAT WAS. Instead of the new millennium hero and heroines the technical fivers are vividly seen. No hope was all they could utter but deep down was the birth of hard work, perseverance patience, and last but not the least unity. We are taught the mathematical sequence of numbers and figures, the English language of the European world, and food classes for survival, the geographical wide distribution of islands, the Historical beginnings of ancestral journeys, the Computer class due to modernisation and the chemistry class for reaction.

To all our respective subject teachers, thank you for your sacrifice, words of encouragement and the knowledge you've instilled in us. We will forever be indebted to you. To my form mates who have made this year a fantastic, wonderful and memorable one. To those leaving Gospel High for greener pastures, Best wishes to your individual endeavours. To those returning to undertake sixth form, good luck in your final lap. I would also like to thank our form teacher Mrs. Shaheed with her helping hand, we were able to go to challenges and hardship that awaited us this year. You were also a source of inspiration to us all and we pray that the Good Lord will shower His blessings upon you.

4L FORM REPORT

Like our junior streams, our new name of commerce gave us an impressive and challenging feeling. The year began with 46 students, 3 left and moved on to green pastures of their choice. Our form teacher guided us with patience and dedication. We cannot deny the fact that our form had elements that disrupted the smooth running of the academic and social welfare of the form. The extra circular activities that were a common sight in our classroom often brought disrepute to the whole form. However, all these experiences were part of the learning process. It was a time of reflection and planning for what was ahead of us - Fiji Junior Examination.

We would like to thank our form teacher and subject teachers for their effort and sacrifice to our form. We hope that we achieve our goals with flying colours.

May the Lord bless us as we sail on to our various shores and all end up conquering our goals.

4M Form Report

We the form 4M started the year with 43 students, 20 girls and 23 boys. At the beginning, our form teacher was Mrs Kaitani and now it is Mrs Kumar who recently joined the Gospel High School staff.

This year we were the privileged lot because we were helped along by our study buddies of form 7A. They helped us in our studies and reminded us of the importance of schoolwork. 4M has come through a lot and we have come out of hardships and strives, an undeniable great team. So to all those of you sitting for FJC, remember that the "sky is the limit" and may God bless you and give you this wisdom to help you through your exams.

FORM 40 REPORT

The Form "40" of Gospel High School consists of 44 intelligent students. Our charming ruler is Mrs R. Prasad.

Firstly, the lady from Kadavu, Maraia, who teaches illiterate students how to laugh the Kadavuan style. While Alini is a goody goody type of girl. Sereima is the boss of the form because she comes to school when she's in the mood. Namrata and Sikinala just adore school, never wanting to miss the next lecture. Asaeli is our mathematics professor from Tailevu and Frederick has just graduated with a Masters Degree in cartooning. Vakaloloma is the brainy of the form while Reavi will tell you who is right or wrong. Luisa, Queen of Hearts, just can't forget her "big land" dialect. Virisila sings praises of Rewa while Leba is small but with a great figure. Sera is our humble lady from Vanuavatu and Marica is just big enough to do sumo wrestling. Traill, the beautician, keeps her cosmetic book handy. Salote follows Ledua's track while Ekari and Kusitino are teaching Joshua and William how to swim across the Rewa River. Joseph will soon become the adopted son of Bin Laden. Atunaisa and Rupeni are always ready to replace Frank Atu while Usaia is ready to lead the rest. Sanjay is our soccer king while Desmond is our day dreamer.

Lastly we salute our brothers and sisters sitting for examination and may the good Lord bless us all in the stormy and calm weather.

Wishing you a Merry X-Mas and Happy New Year.

FORM 3P REPORT

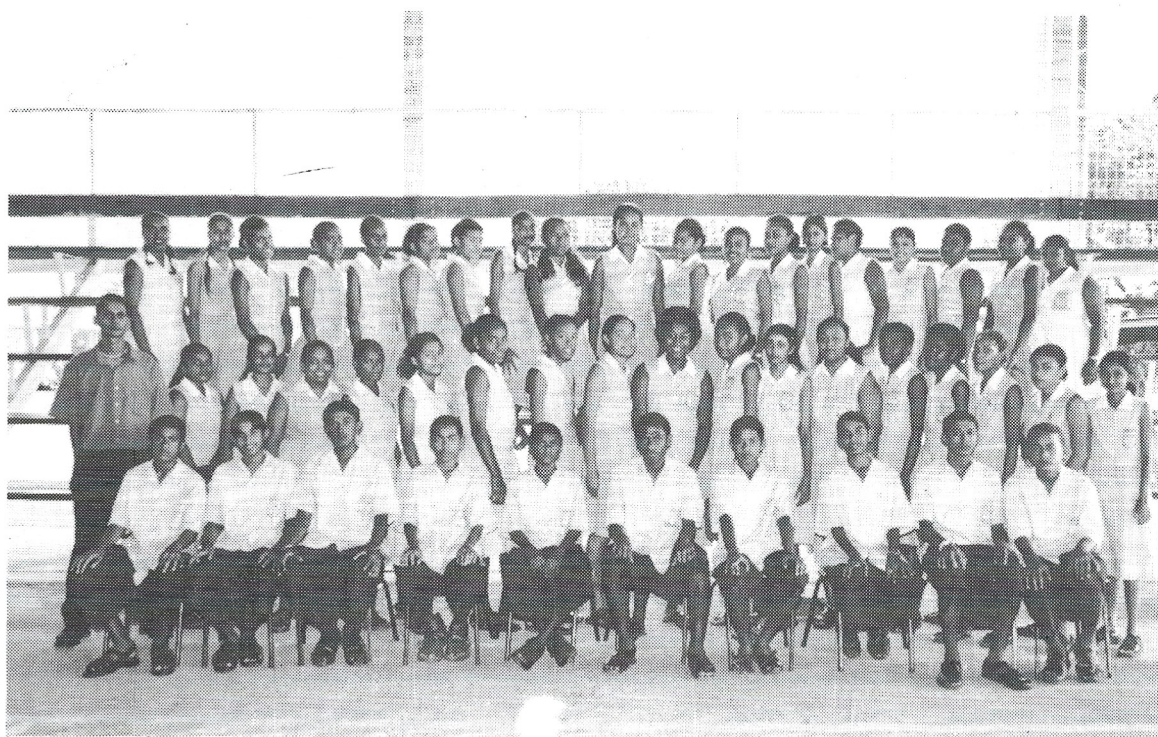

We welcome you readers graciously to form 3P consisting of 48 students. We are very new to this high school environment and we would like to express our earnest thanks to all those who have helped us through our studies.

We have found this year new things that we have never experienced before. The studies for instance have been very difficult and if it was not for our form teacher Mr Deepak and all our subject teachers we would not have been in this successful stage as we are in now. Support from our senior colleagues is also gratefully appreciated.

Proclaiming this year as one of our best we will move on to our next stage eagerly but we will still remember the marvellous year in which we were the youngest of this school- GOSPEL HIGH. Once again a big vinaka vaka levu , shukriya and thank you to all who have helped us through our first year of struggle .

Wish you all a splashing new year and a very merry Christmas.

FORM 3Q REPORT

In the darkest and creepiest corner of Gospel High, 50 homosapien gladiators emerge from the West Side block. These were the courageous warriors of 3Q. Headed by our empress Miss Kiran. This has been a very exciting, fun-filled and challenging year. We have taken our form to great heights and achieved many of our aims and goals. As conquerors we have conquered the hearts of many of our teachers. Miss Kiran's effort and guidance has brought us to where we are now. By winning the walk-a-thon prize as the highest form collector we have shown our capability and generosity. Our many thanks to our subjects teachers for helping us in our academic performance and scripture teachers for molding us into reliable and responsible students. Also many thanks to our PEMAC teachers for there constant help. A big vinaka vakalevu to Miss Kiran for her cooperation and effort in molding our moral behavior and being there for us. We wish you all a very merry Christmas and a prosperous New Year. Until next year, beware the conquerors are on the loose.

Roses

Nodding in the bright sun
Standing in its perfect pose
Damp from the morning dew
Beautiful is my rose
Under the dark blue sky
It's deep blood red
Stand's out from the rest
In it's colour bed
Blending in the sunset
Beautiful since birth
What more can I ask for
Than your presence on earth

Friends

Written with a pen, sealed with a kiss
If you are my friend, please answer this.
Are we friends or are we not
You told me once but I forgot.
So tell me now and tell me true
So I can say I'm here for you.
And if I die before you do
I'll go to heaven and I'll wait for you

Life in Room 21,
Is filled with joy and peace,
With 6Dees making it a bliss.

At 8am Room 21 is full,
With 6Dees at their desk,
Striving for their best,
With the knowledge they have.

In the afternoon when they leave,
With chairs and desks in a set,
Room 21 is spic and span.
As we draw nearer to the end,

Strong Woman versus Woman of Strength

A strong woman works out everyday to keep her body in shape...

But a woman of strength kneels in prayer to keel her sole on shape...

A strong woman isn't afraid of anything...

But a woman of strength shows courage in the midst of her fear....

A strong woman won't let anything get the best of her....

But a woman of strength gives the best of her to everyone...

A strong woman walks sure footedly...

But a woman of strength knows God will catch her when she falls...

A strong woman wears a look of confidence on her face...

But a woman of strength wears grace...

A strong woman has faith that she is strong enough for the journey...

But a woman of strength has faith that is in the journey that she will become strong

So which one of the two women are you?

God Bless

Friends and Drugs

Friends
Peer pressure
Late night parties
First time to smoke
Lungs filled with poisoned air
Throat burns, lungs scream, eyes water.
I brake into a fit of coughing
Mocking laughter, party joke because I lack experience.

Smoker
Drug user
Hooked on dope
Steal to support habit
Jail time for Crimes committed
Exposed to drug Traffickers and Barons
Engaged in smuggling ring, after shortened sentence
Opium, Cocaine, LSD, and Speed I am addicted
Overdose ends, years of drug abuse, that started with

Friends ...

Drugs

A common menace in our society
Some say its their friend
But he's a silent enemy
Does not talk too much
Just cripples your mind and body
And swallows our riches
Leaving you in agony and depression
and you regretting that you have no future

Drugs

Why do we take it?

Why do we take it, just to relax our minds or to kill ourselves
This very drug is the most dangerous thing that we smoke with our friends or in spoiled groups
Some people smoke this drug (marijuana) just for fun or to help them in their exams in schools but this is wrong
There are about 50% people who end up in St. Giles and other 50% commit suicide because of drugs the killer
Well this killer is making us to be his friend but we should be its enemy instead
If you start slowly you'll die quickly so when I say don't start this means don't try it because if you take one puff, you fly and if you take more than one puff, you'll die because this drug or marijuana contains 421 chemicals and THC.

Drug Awareness

Drug is something
That you should be aware of
Once you have a puff
You'll want it again
Once you try it
You'll think you're flying
If you're once of those
Having much fun
Once you know the truth
Thinking it was dumb
Then it will be too late
Finding yourself down in St. Giles
People who are lucky
Who hasn't has a puff
Just be aware of it
Don't take a puff
Don't be attracted
By your friend
Never say 'Yes'
There should be a 'No'
Now its in your hands
So choose the right

Lungs

Marijuana smoke irritates the throat and lungs. It has twice as much tar as tobacco smoke from cigarettes. Use of marijuana increases the risk of bronchitis, lung cancer and other lung disease.

What does it do to our immune system?

Marijuana affects the body's ability to fight disease. It makes it harder to fight off infections like cold and flu.

I wish for you ...
Comfort on difficult days,
Smiles when sadness intrudes,
Rainbows to follow the clouds
Laughter to kiss your lips
Sunsets to warm your heart
Gentle hugs when spirits sag
Friendship to brighten your being
Beauty for your eyes to see
Confidence for when you doubt
Faith so that you can believe
Courage to know yourself
Patience to accept the truth
And love to complete your life
God bless you!
Moana Masau-5G

Friendship

Friendship is a bond that acts like a tie
It can't be breached till we die
Whenever we live we say hi
But we depart we say goodbye
It was a sad thing to remember
How I lost her in December
Her eyes was full of water
Till nothing can be done not even a tear from the eye
Dear lord could you tell me why
She went without saying goodbye
Could you bring back the last day of school
For once just to say goodbye
Dedicated to the long lost Gospelians
Jimaima-5G

From the place we met,
Oh mum you are the greatest
With all the pains you had
You brought us up
How wonderful it is for you
To have our dad.
Dad – all the pains you going through,
I know it is because of us.
I hope you will get well soon
And thank you for being nice parents.

It's a blessing to have a teacher like you.
Who sees the best in us,
Who helps our ideas and dreams become reality
Who's always bright in the outlook.
We'll remember you always
We'll keep your values to our hearts
We'll remember you day by day
For what you did to us during the day.
Forgive us for, what we did during the day
Causing trouble during English day
To share the joy of sunny days
We wish you a happy world Teachers day,
And may God bless your family, each day.

Being Pleasant
It's easy enough to be pleasant
When life goes on like song

Is the man who can smile

CLEANLINESS

Cleanliness means free from impurities, not soiled and not indecent. Brushing your teeth and bathing regularly is not the only form of cleanliness. There are however various forms:

Internal cleanliness: i.e maintaining homostatic equilibrium in the sense of eating adequate meals and cleaning digestive tracts and internal organs.

External cleanliness: It's not only cleaning yourself externally, but also the environment which you occupy and taking care of our physical appearance.

Mental cleanliness: Most of us have polluted minds and contain negative feelings towards others. What is conceived in the mind will later give birth to negative things.

Spiritual cleanliness: Refers to the cleanliness of the soul. Our soul may be soiled and needs cleansing. Most of these people do not experience peace, joy and prosperity. Finally, if everyone is being cleansed in all forms, there will be universal order and harmony.

*** FRIENDS ~~~ FOREVER ***

Friendship is a symbol of love, joy and peace,
And is truly based on honesty and patience.
It's a sweet relationship, which I share,
And believe no one can take away.
My eyes light up and my heart cries,
When I see these faces, which I'll never forget.
Then in silence I say;
It's a guarantee at this hour of the day,
That even when my life changes in whatever way,
Friends forever we shall stay.

Dedicated to my loyal friends:
Daniel (ex-com), Christina, Raj, 'Ofa, and not forgetting *Joe*.
Thank you very much for making a dull day a bright one,
I'll always cherish the times we shared together.
It's a sad thing that we're leaving each other,
But I know that we'll live in each others hearts,
Because no matter what happens,
We will always be *friends~4~ever*.

THANKS GOSPELIAN

.....I thought the Red were superb, until I was shown the Bluz.....

There was a time when we first met, and there will be a time when we will depart from each other. I cannot imagine life without you or perhaps I don't want to, for I know it will be difficult. It will be painful leaving you, for you have done a lot for me. When I was lonely, you comforted me with your love. When I was thirsty, you quenched my thirst. When I was let down, you lifted me up. And when I was in the wrong path, you directed me into the path of achievement and prosperity. You are the air that I breathe, the love I cherish in order to grow. You are the inspiration I need in order to move on and on ...

GOSP EL...I just want you to know, you are undoubtedly irreplaceable. It's time for me to move on, carrying the 'Bluz' spirit where ever I go. With a true Gospelian as my identity that will describe and determine my destiny. All I can say 'You'll always be a part of me.' MOCE MADA, It's not easy for me to say.

The Music

Sitting in the sunlight
Strumming my guitar
Accompanied by the twitter
Of birds both near and far

Faintly now, I hear sounds
Of chatter, drawing nigh
A group of happy boys and girls
Stop as they go by

They listen as I strum and sing
And soon join in the song
At the end they laugh and clap
And then they move along

Once again, I'm left alone
Their chatter having past
Though others sometimes come and go
Naught but music lasts

Good Bye Gospel High

As the year is drawing to an end
It brings nearer a day which will be hard to forget
In this school we have lived, so much we have received
So much we had to achieve, yet so many times we have deceived

From past experience we can only guess
What type of day that parting day will present
Will it be full of fun or shall it make us sad?
Really, why should we have to end?

Oh! Teachers we will never forget
The way you toiled so hard to make us the best
So many times you were right
But all we choose seems to make us blind

Now the time has come to depart
All the seventh formers!! ... It will be the saddest part
For I never dreamt of this from the start
But please, once and for all ...
Remember that on some day
Those who part will meet once more

My future

My future lies ahead of me
Like an unpredictable sky
Sometimes cloudy, sometimes light
Sometimes gloomy, sometimes bright
But listen now
To what I have to say,
My future depends
On what I do to today.

Something

I thought I had everything
Everything I longed for
But what I didn't know
What it was that was missing
All of a sudden
I had it
It listened, helped
Understood and cared
A gust of wind blew it away
And I never saw it again
Then I realised that it was never mine

Ten Steps of life

When I was born-except my mother, I knew no-one
Between one and five-needed protection to keep alive
Between five and twelve-growing with mothers love
Between thirteen and nineteen-new dreams and desires mounting
Between nineteen and twenty five-needed to be loved
Settled with husband
Between twenty and forty five-begot children, still survived
Between fifty and sixty-suffering with arthritis
Sixty five and up-friends are gone, life is tough
Seventy five and more-time to go, close the door.

Smile

A smile can be ray of sun,
To brighten up the dark.
A smile can show a sense of fun,
Has made its merry mark.
A smile can be a guiding light,
that hope can often bring.
A smile can be a happy sight,
Try it - thats the thing.

It's no good looking backwards.
The clouds which yesterday,
Darkened the horizon,
May not be there today.
It's no good looking backwards,
Reliving loss, or pain.
For tomorrow is the golden day,
To make you smile again.

~~~ GOODBYE GOSPEL HIGH SCHOOL ~~~

Be together days are over,  
Tears fall from my eyes,  
Time has finally come,  
To say our good-byes.  
I will always remember and cherish,  
All the good things I acquired from you,  
For you brought so many smiles my way,  
And moulded me into what I am today.  
Thank you for keeping my spirits up,  
For bringing joy, laughter and sorrow,  
For I, wouldn't have hoped for a better tomorrow.  
Once again I thank you,  
For, being the best from all the rest.

To all the teachers of GHS, especially Mr.Luke,  
Mrs.Appana, Mrs.aiyub, Mrs.Narayn, Mr.Praveen singh  
and Ms.McNon, thank you very much for help and support.  
You all have made my stay in this institute a memorable one  
which I'll hold close to my heart for it was like a dream which  
had come and gone and had forced me to say goodbye.

Free! I am free.  
Free as a dove,I dance with delight.  
No war,no devil can tie me down,  
I am free on higher ground.  
If the past pushes me against the wall,  
My friend and I will stand and fight them all.  
Just when I thought I could walk away,  
He pulled me back with no delay.  
He wishpered,'Go back to the mirey clay'  
'Go save a soul today'  
*I AM YOUR FRIEND,*  
*GO, BE A FRIEND.*

Lost and Lonely:

In the midst of darkness  
I wonder all alone  
Searching for a true friend  
Someone soft hearted  
And yet, so compassionate.  
And if I do not find  
That, true friend of mine  
I wonder back feeling lonely;  
But I never give up.  
I'll keep on trying until  
I find that true friend  
For who knows:  
Maybe I'll get lucky  
But in the mean time  
I'm still lost and lonely.

## LIFE'S LIKE THAT

Sean my 25 year-old son, was riding his bicycle when he was hit by a car and injured himself. At the hospital, X-Rays showed a fractured cheekbone and a badly broken wrist, which could not be set without an operation. He was heavily sedated and temporarily settled into bed.

Shortly, a pretty young nurse came into his room with a three page form to fill out. My son answered her questions to the of his consciousness. Finally, the nurse asked:

Nurse: "Is there anything else that I should know about?"

Sean: " Yeah, I am single".

Kaushik (4L).

There was a man selling crabs in the Nausori Market. A few tourists came along and asked how much the crabs were. The man, who didn't know how to speak English well answered "\$5 Boso!" The tourist asked where he had got the crabs from and the man replied "Noco!"

"Where is that?" the tourist asked.

The man started his story. "You vodo lori, vodo lori, you come to Nausori. You vodo busi, vodo busi, you come to Wainibokasi. You vakalailaitai, there you see my koro. That's Noco."

## POOL JOKE

Once there was a rich guy who gave a pool party and invited a lot of people. Now the guy had a big shark in the pool so he said to his guests, "whoever swims across this pool and comes out alive I will give him \$10,000". No one volunteered so the rich guy kept on increasing the prize money until he reached \$1,000,000. Suddenly, the guests heard a splash in the water and saw a guy coming out dripping wet. When the rich guy went across to congratulate the man and give him his prize money, the man said, " I'm not worried about the money. All I wanna know is who pushed me into the pool".

Dipti (6D).

There were two boys named 'Shut up' and 'Manners'. One Day they decided to visit a school nearby. When they reached the school, manners went straight to the toilet. While shut up waited outside, yelling and shouting.

Suddenly, the school's principal arrived and went straight to him.

School Principal: Hey! What is your name!

The Boy: "Shut up" Sir

School Principal: Do you have any manners with you?

### SISTER IN BIKINI

As the festive season approached, two clergy males went to Hawaii for their vacation. While on Waikiki Beach, their eyes were fixed upon a single female out of the many approaching their way, dressed in her swimming togs. As she passed by them, she greeted them saying "Good morning fathers." Upon hearing this, they were quite surprised since they were not in their priestly clothes, but then replied "Good morning to you too ." The next day, they returned to the beach, dressed in surf gears, ready for the beach, hoping that no one would recognise them. Again the same girl walked pass them, this time dressed in a two piece swim wear with her long blonde hair left untied. She again greeted them. One of the males then turned and asked her, "How do you know who we are?" The beautiful blonde then replied, "Don't you remember me? It's me, Sister Catherine,.....from the covenant."

### CONVERSION

A Jewish man moved into a strict Catholic neighbourhood. Every Friday, the Catholics practically went crazy. While they were eating fish, the Jew was in his backyard barbecuing steak. So, the Catholics finally decided to try and convert the Jew to Christianity. Finally, by long endurance, the Catholics succeeded. They took the Jew to a priest who sprinkled Holy water on him saying 'Born a Jew, Raised a Jew, now a Catholic.'

The Catholics were ecstatic. No more delicious, but maddening smells every Friday evening! But the following Friday the scent of barbecued steak wafted through the neighbourhood. The Catholics all rushed to the Jews house to remind him of his new diet. They found him standing over the sizzling steak, knife in one hand, his other hand dipped in a glass of water. He sprinkled water over the meat saying, " Born a cow, raised a cow, now a *fish*!"

### OUT OF STOCK

An islander, who was not well versed with the English language, went to a store to buy sugar. Unfortunately, she was sent away by the shopkeeper saying it was out of stock. Upon asking what 'out of stock' meant, the shopkeeper replied " It means that there is no more or it is not here." She then returned home with the joy of learning a new phrase. The next day her neighbour called out, asking, "Where is your husband?" With a great big smile and a smart pose, turned and shouted back, " Oh! He's out of stock!"

For a third time she did the same thing. Out of curiosity the man asks his neighbour, " Is something wrong?" She then replied, " There certainly is! # BEATY & THE BEAST.

A dense collage of black and white photographs featuring students in various poses and outfits. The photos are arranged in a non-linear fashion, overlapping each other. The subjects are mostly young people, likely students, dressed in a variety of styles from casual to semi-formal. Some photos show individuals, while others show groups. The collage is framed by a decorative border consisting of a repeating pattern of small, stylized figures or symbols. The overall aesthetic is that of a mid-20th-century yearbook or a student-produced magazine spread.

## DEAF SCHOOL VISIT

The Deaf School is part of the Gospel schools which is situated beside the High School building. We had observed the Deaf Awareness Week which was on Week 9 and our History class led by Mrs. Narayan had been collecting for 20 days to donate to the Deaf School.

During our 20 days collection we had reached an amount of \$157 which were also helped by our parents and other reliable sources who had the liberty of giving any amount they desired. So on Wednesday (8/8/01) we went down to the Deaf School to donate all that we've collected. We had been making preparations for the trip down to the Deaf School and we had organized small groups to bring things like cakes and pies. We also made curry, roti/rice with chutney and refreshments so we could enjoy the meal together.

When we came to the school the teachers and students were gathered in a big room which we had our small presentation in. After preparing everything we did an item which all members of the History class took part in. Then we gave the money along with some clothes we had brought with us. After presenting everything we served all the children with whatever they wanted to have.

It was a new experience learning to communicate with them but we enjoyed being around them; eating and laughing together gave us a chance to understand each other. Most of all we wanted them to know that we love them and they are no different from us. Our visit was an enlightening one which we enjoyed very much.

Our class had learnt a very important lesson, that we should not look at people differently because we are all the same even though some of us might be having difficulties in hearing and speaking. Our day together was enjoyable and we were happy that they liked it too.

## RECONCILIATION WEEK

May 14th – 18th was set aside by the school administrators as RECONCILIATION WEEK. This was in line with the National Reconciliation programme of the Care Taker Government.

The main aim of the week was for the School Community to Reflect on events of May 19th last year and for staff/students to Reconcile themselves to one another, forget the dark past and to move forward as a community and as a nation.

The Reconciliation theme was highlighted in Displays, Posters and Essays organized by the Social Science Department. The week long programme culminated on Friday afternoon with a show hosted by Mrs. S. Narayan (H.O.D S/Sc). Songs, skits, dramas, dancers and prayers re-enforced the importance of Reconciliation in a Multi-Racial/Ethnic society such as ours in Fiji.

Once message came strong and clear – that there will never be any Reconciliation without Forgiveness. Forgiveness brings in Healing to each human soul, to a community and to a nation as a whole.
