FROM THE EDITORS DESK.

Greetings again in the name of our Lord and Saviour Jesus Christ, as promised last year I bring you an even better quality edition of the **GOSPEL LIGHT.**

My sincere thanks go to the Magazine committee, Level Co-ordinators. and Heads of Department for help in collating this edition. Special thanks to teachers of the various departments who have worked collaboratively with students to enthusiastically compile their individual sections.

This years cover design was made by Mr Aman Lal and Pritika. What a marvellous illustration!!

I am indebted to Jack Lomani of MAX Marketing and Publishing for helping out in the artwork and graphics.

Mr I. Prasad
Editor

Back (L-R) : Mrs. J. Rokomasa, Mrs. R. Padayachi, Mr. I. Prasad, Mrs. P. Chandra, Mrs. S. Chandra

MISSION

The Fiji Gospel Schools are committed to providing quality Christian and excellent secular education to all students preparing them to be good and responsible citizens.

The council is committed to:
Maintaining a distinctly Christian focus and ethos
Multiculturalism in every area
Education which is flexible, relevant and responsive
The recognition of individuality
The promotion of harmony in diversity

VISION

The Fiji Gospel Schools Council for education is committed to the pursuit of excellence in providing both Christian and secular education.

Students
Have a balanced interest in academic, sporting, cultural, physical and scriptural areas
Are self disciplined, self confident and assertive.
Are creative and have a desire to promote in a positive way
Have respect and concern for other races, the community and the environment
Are questioners, challengers of ideas, lateral thinkers and problem solvers
Are proud of their school

The Curriculum
Is broad-based scriptural, academic, technological and vocational
Is free of gender bias
Develops and understanding of and respect for different opinions
Is flexible, adjusting to the needs of a rapidly changing society
Provides a quality careers advice programme

The Staff
Are highly competent and fully trained in their areas of teaching with a university degree
Have a strong commitment to the school, its mission statement and Christian principles
Have excellent communication skills to counsel students
Support and participate in change
Foster student individual development and have high expectations for student success
Are positive role models for students and staff
Provide a safe and secure environment for students

VALUES

The Christian creed and faith as expressed in the Bible and in the Statement of Doctrines and Practices of the Fiji Gospel Churches
A Christian education, which is holistic in approach providing opportunity for the development of the whole person
Christian living which is directed towards spiritual maturity strengthened through the teachings of the scriptures.

PRINCIPAL'S REPORT

Give thanks in all circumstances, for this is God's will for you in Christ Jesus.
I.Thessalonians 5 : 18

Indeed we give thanks for all that has been our experience as a school for 2006. Once again the staff and students have made the year a memorable experience.Give thanks in all circumstances, for this is God's will for you in Christ Jesus.
I.Thessalonians 5 : 18

Indeed we give thanks for all that has been our experience as a school for 2006. Once again the staff and students have made the year a memorable experience.

Staff, whether they be academic or ancillary have worked with great dedication to make 2006 truly a successful year.

2006 also saw the appointment of a Manager to Gospel Schools. I take this opportunity to congratulate Mr David Whippy as our first manager. Mr Whippy has been a tremendous source of strength and support for the school on a daily basis and I would like to offer him my sincere thanks.

While we had to sadly farewell a few colleagues – B Lal, B Sharma, M Affroze (transferred) S Raj, A Deo,N.Narayan (migrated), we welcome our new AP- Mrs Vosanibola, S Prasad, V Kishore, (Science), R. Padayachi , L Lewanavanua (Commerce), C. Waqa (English), M Savena (Agriculture Science). In the Scripture Department Henry Joseph replaced Donald Ram who migrated overseas.

The office extensions were completed and now we boast of a neat, modern school office. Plans are in place to add another 6 classrooms and ablution block to the Beniah Building. Hopefully the construction will begin before the year ends.

On the academic front we have enjoyed success in all fields. Our external examination results for 2005 external examination continued to show an improvement. Individual students received commendations and medals in different areas. Hae Chan Kim (Science),Madeline Taylor (English)and Jun Kyeong Jang (Mathematics) received gold medals and prizes. Rayniel of Form 6 was 1st in Chemquiz and 2nd in Titration at the National level.

Our Form 6 Mathematics Team was 4th at the National level as well.

Naomi Ratudina brought honour to the school when she moved through the district, divisional and then became the National orator in the Road Safety Oratory.

Jerusha Newton won the Poster competition for the energy saving contest while Melainia (Deaf) and Ruci (Hearing) represented Fiji and the school at the World Scholar Athletic Games in Rhode Island, USA.

The school, with the approval of the management, also decided to enter the Fiji Business Excellence Award program run by TPAF. This measured the school's performance against a set of business principles. The school has received recognition but will know the exact level of recognition on the presentation night which is on the 18th of November.

Administering any school is no easy matter but the challenge always becomes easier if there is support from the staff. Mrs Reddy has always been a great colleague and support in the day to day running of the school and helping to achieve the school's vision. Mrs Vosanibola and all HOD's have worked hand - in - hand to steer the school in the right direction. Your contribution can never be appreciated enough.

The students have done their best to maintain the school ethos even though it has not always been easy. Continue in your efforts to live a productive and worthy lives.
The PTA, under Mr Navitalai Cakacaka's guidance has continued to provide the school with support in all the activities of the school. Your contribution is always greatly appreciated.

As the school year concludes I wish to convey my sincere thanks to the school management, the school committee and chairperson Mrs W. Nainoca and all other stakeholders for your continuous prayers and good wishes. Together we are working to build a nation we can be proud of.

As we move into the festive season let us remember

What lies behind us and what lies before us are tiny matters, compared to what lies within us

Ralph Waldo Emerson

Mrs V. Naidu
Principal

Standing : Mrs A.Vosanibola (Assistant Principal)
Sitting (L-R) : Mrs V. Naidu (Principal), Mrs S. Reddy. (Vice Principal)

CHAIRPERSON'S REPORT

My warmest greetings in Jesus blessed name.

It has been an honor and also an enriching experience to be the Chairperson of the Gospel High School Committee this year. I thank the Lord for enabling me to sit in this chair and I am blessed to be able to apply some knowledge and experience from my secular job (as an educational administrator) into the committee's tasks, and also in the Council of Education.

I gratefully acknowledge the work of the Chairpersons and the committees of previous years - much has been accomplished and the school continues to forge ahead under the Lord's guidance. A new and much welcomed initiative is the appointment of a School Manager, Mr. David Whippy who has been invaluable in the day–to–day running of the schools. He also brings in the Lord's counsel and of course extensive experience as the Head of Dudley Intermediate for so many years

This year the Gospel High School continues to play a strategic role on the Gospel Schools front, including funding various projects such as the Caretaker's home, scripture teachers and providing the Bursar for the various Gospel schools. No doubt you may have also seen in the news about the school taking "center stage at the awards ceremony" at TPAF's Business excellence awards ceremony on 18/11/06. The schools achievement is certainly a challenge for other schools in Fiji. Congratulations Mrs Naidu and your hardworking staff members! Mrs Naidu continues to be instrumental in ensuring success for the school – academically & in extracurricular activities. She is of course assisted by a great team of hardworking teachers. May God richly bless each one of you.

To the students leaving the schools gates for the last time – best wishes for your future and do keep Psalm 119: 9,11 close to your heart.

May I wish all the students and their families God's blessings and protection over the Christmas season and the school holidays. Be assured that various Brethren assemblies and believers continually lift the school, staff and students up in prayers to the Lord – from where all good things come.

To all of us, I leave you with a favorite verse – Jeremiah 29:11; *" For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future".* (NIV)

Winifereti Nainoca (Mrs)
Chairperson
Gospel High School Committee

FROM THE MANAGER'S DESK

I was pleased when asked to write for the school Magazine as I love my Lord and the school is an evangelising arm of my church. The Fiji Brethren Assemblies and Gospel High School have a special place in my life as my five children received their education here and now they hold responsible positions in the Civil Service and the private sector.

At this point I would like to thank the Fiji Brethren Council of Elders for appointing me to be the first Manager for the Gospel Schools.

From its humble beginnings in 1961 the Gospel Schools have developed gradually to what it is today.
Since its inception, the primary purpose of the Gospel Schools is to evangelise and teach the Scriptures to the children who would enter our schools in order to achieve our goal. The Scripture Department is an integral section of our system. The School Management's Mission Statement clearly defines our objective. " The Fiji Gospel Schools are committed to providing quality Christian and excellent secular education to all students preparing them to be good and responsible citizens".

Over the years Gospel High School has progressed significantly, academically, in sports and in extra curricular activities. All these achievements have only been possible through the cooperation, dedication and stirling effort of the Principal, staff and students. Members of the Office staff, my sincere gratitude to you all and also to the maintenance men who work tirelessly for the cleanliness and maintenance of our buildings.

In the past six years our External Examinations results have improved immensely. This is the evidence of the excellent support from the stakeholders.

I praise God for the missionaries namely Mr Foster Crane and other godly men who established the Gospel Schools. Early this year an extension was made to the administration block and a block of classrooms is planned for construction in the New Year.

With the present school roll of 755 students, the School Management has the responsibility of providing the infrastructure and facilities conducive to learning.

Gospel High School also has its fair share of problems synonymous with any institution but these problems are addressed with love, prayers and discipline as we are concerned with the future of the students.

In conclusion the Fiji Brethren Assemblies represented by the Gospel Schools Council for Education and the High School Committee is committed to maintaining its Mission, Values and Vision in the pursuit of excellence in providing secular education for our future leaders of tomorrow.

May God Bless You All

Mr. Lal: So...Nice whether aye?

COMMERCE DEPARTMENT

Standing (L-R): Mr. R. Hussein, Mr. R. Chand, Mr. S. Kumar, Mr. D. Prasad
Sitting (L-R): Mrs. L. Kavika, Mrs. R. Padayachi, Mrs. L. Lewanavanua

The non-financial events of the Commerce Department flowed in the year 2006. There were "Debits" and "Credits" of the valuable assets. Two highly dedicated teachers, Mrs. Affroze (HOD) and Ms. Raj left for greener pastures. During the year, Mr. Deo was transferred to the Western Division and Ms. Vakalala went to New Zealand on medical leave. In flowed Mrs. Kavika, Mrs. Lewanavanua, Mr. Hussein and myself. With the support of the "three constant factors" the department was able to celebrate the "profits" and look past the "losses" with optimism.

The external exam results of 2005 were applaudable and reflected the tremendous effort of the students and teachers. All members of the department are working with the aim of maintaining the same, if not, better the results yet again this year. With the help of the compulsory afternoon classes and voluntary Saturday classes we hope to motivate the students to achieve this.

The main highlights of the year for the department were:

- A Form 7 student entered the essay competition on "Productivity" organized by TPAF in Term 1 and was awarded a Certificate of Participation.
- An enrichment accounting workshop was organized by CDU for three days in Term 2. Our school participated and returned with valuable materials and information to be in a position to meet the requirements of the CDU in the future
- The much awaited excursion that finally materialized in Term 3. A group of 57 students and 3 teachers went to The Arts Village in Pacific Harbour, Spices of Fiji at the Wainadoi Farms and finally to Coca- Cola Amatil at Laucala Beach Estate. The task of the group was to observe tourist attraction sites, the agricultural sector and the production process and be able to relate it to their classroom learning

After all the hype, the focus is now channeled into academic achievements in the forthcoming exams. Thus, I would like to take this opportunity to thank the hardworking team members, the students and the administrators for their input in the running of the department and the success desired for the students and the department.

I wish all the students great success in their external exams and future endeavors.

Dream On ..... ($ $ $ $ $ .....)

Mrs. R. Padayachi
(Acting HOD)

COMMERCE EXCURSION - 2006

On 22nd September, 2006, a group of 57 excited students and 3 teachers boarded the bus with a mission "to observe-to enrich'. The account of the field trip is presented below:

9.30 a.m Arrival of bus. Student's board. Leave for Pacific Harbour . Entertained by great music. Singing, dancing, laughter all the way.

10.15 Reach Arts Village. Welcomed by staff and men playing guitar and singing Fijian welcome song. Local tourists? Ha ! Ha! Students move around to observe the village and its offerings.

11.00 Escorted to the Arts Village Theater with other tourists to witness the Fijian firewalking ceremony and other attractions. The most enjoyable attraction of the day. Students thoroughly enjoyed themselves and laughter filled the air.

12.15p.m The group was divided into two for the canoe ride around the little island. A peaceful ride with sightseeing of the traditional Fijian lifestyle made a great end to our first stop. Thanked the tour guide and went for a quick bite. Lovo, fries, sandwiches, meat pies, soft drinks. Phew! Hunger and more hungry people. Running late. Had to hurry.

1.30 Spices of Fiji, the never ending road to the farm in the "end". Welcomed by an interesting and well versed couple in charge of the farm. The different spices went from hand to hand. Vanilla, cinnamon, nutmeg, pepper etc. A lot of information and too many trees to see.

3.15 Coca Cola Amatil, the most awaited stop for the students. Reason? Free drinks after a hectic ride, of course! Guide took us to the conference room. Information given, questions answered but please when are you going to show us the processes? A lot of interest taken in the step-by-step process. The highlight was the "Robot". The excitement and fascination could not be missed. Back to the room after the trip. The free drinks came in numbers much to the relief of the students. As everyone was ready to leave, surprise! surprise! Two more cartons of drinks? Please don't spoil us! It was the best way to end the day. Vinaka! Vinaka!

HOME ECONOMICS DEPARTMENT

Standing: Mrs. M. Tamani
Front (L-R): Mrs. A. Vosanibola, Mrs. S. Chandra.

"The teaching and learning of Home Economics is about the overall well being of a person". Year 2006 began smoothly with the addition of Mrs. A. Vosanibola to our department.

The Home Economics discipline comprises of two major subjects; that is Home Economics offered in F3/4 for F.J.C and Food and Nutrition in F5/6 for F.S.L.C.

Home Economics students have taken part in various activities related to their subject as well as activities organized by the school. Once again as part of the Major Project, the Form 5 Food and Nutrition students prepared a 3-course meal and invited their parents friends and teachers to evaluate their meals.

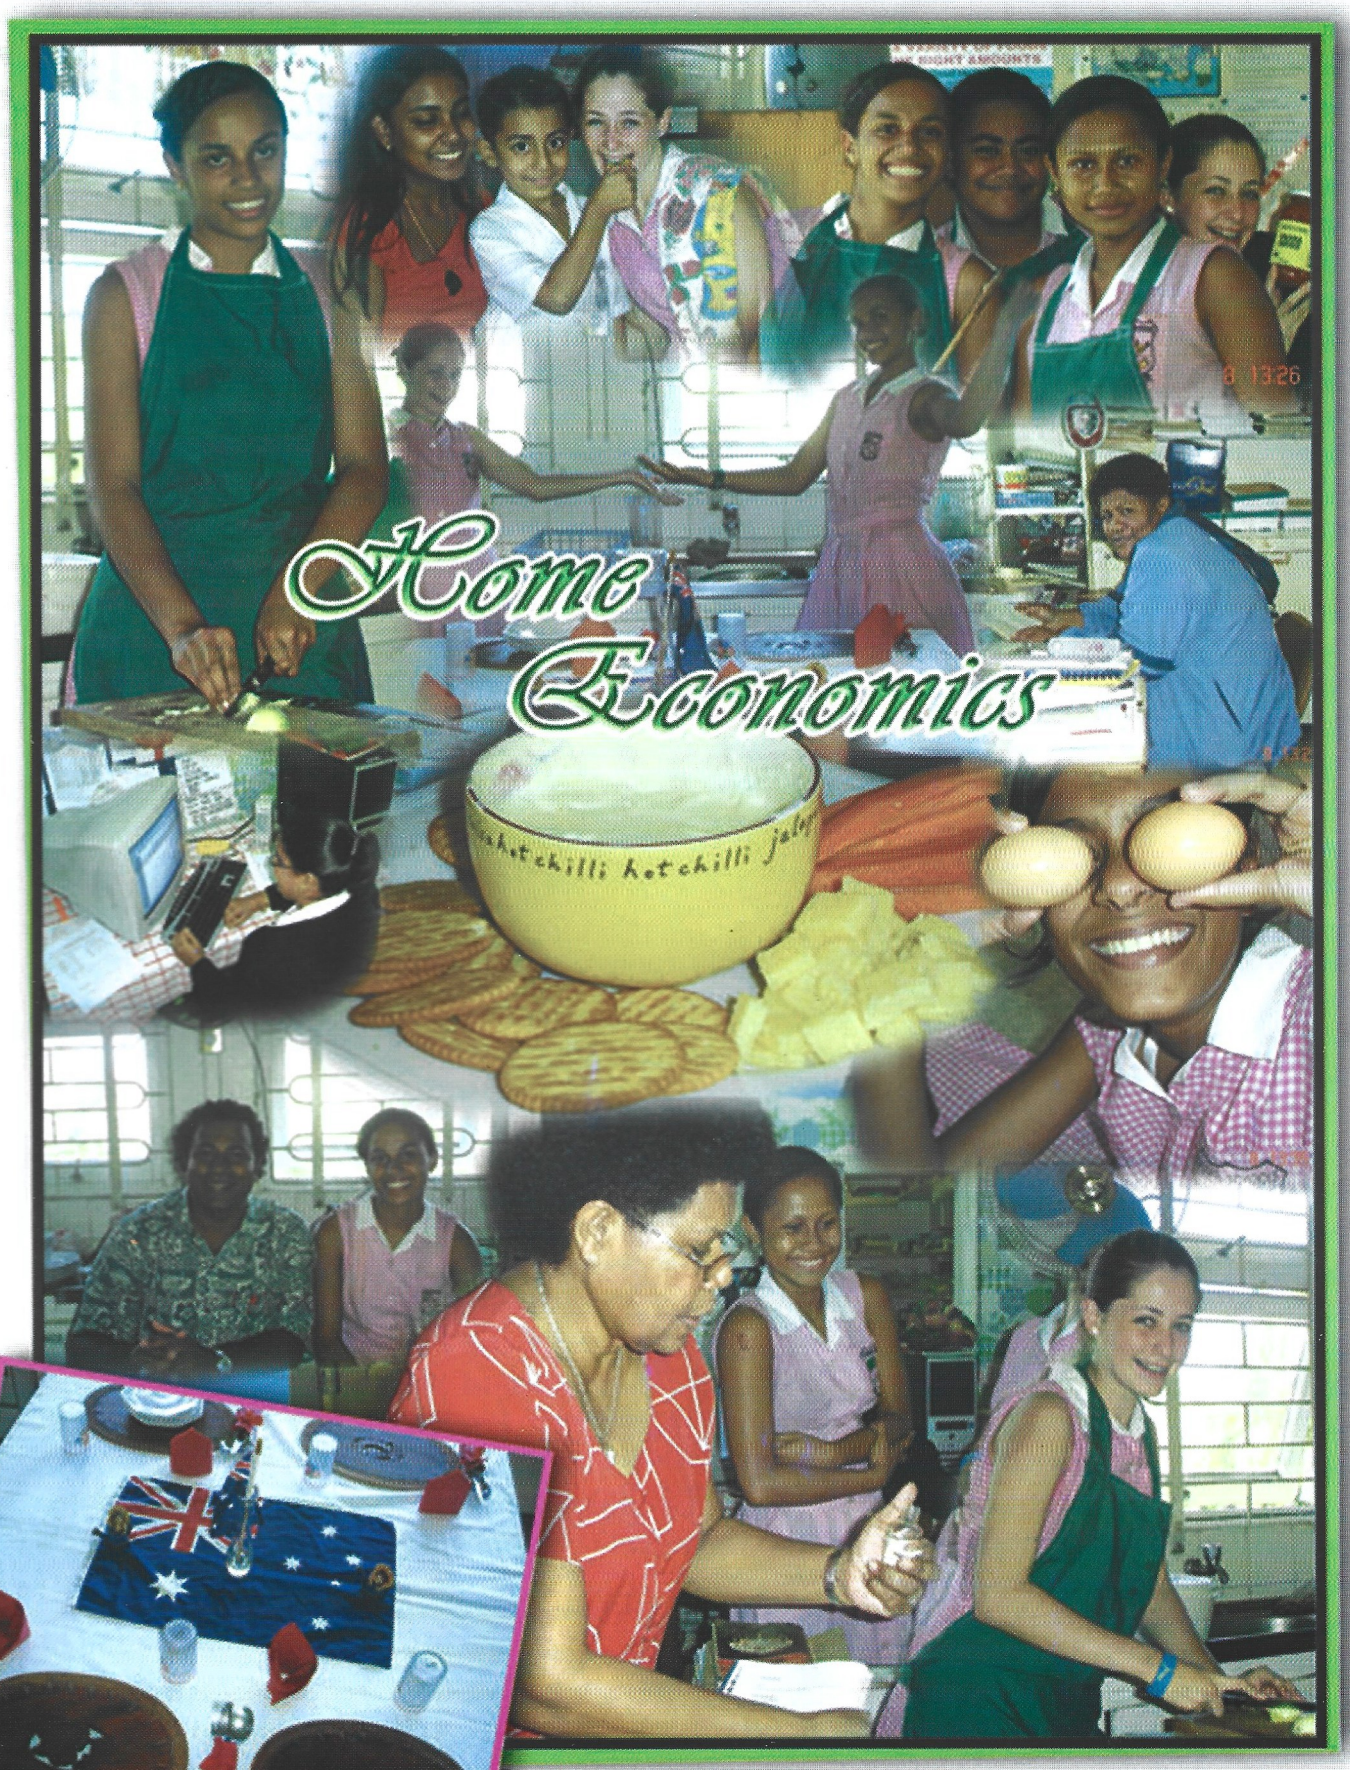
A sixth form Food and Nutrition student, Jerusha Newton took part in the Energy Conservation Poster Competition and was awarded 1st prize in the senior category.
The department also had very pleasing results at all levels in year 2005 and I thank my colleague Mrs Tamani for her hard work shown last year. The members of the Home Economics department are striving to achieve the best for this year and in years to come.

Finally I would like to thank the Management, Principal, Administration Staff and parents for their support towards the Home Economics Department.

To the students sitting for external examinations, Best of Luck.

Merry Christmas and Happy New Year to all readers.

Mrs. Shavila Chandra
Head Of Department



Home Economics

INDUSTRIAL ARTS

Standing : Mr A. Goundar
Sitting (L-R) : Mr A. Lal, Mr M.Prasad (HOD)

As the light of the Gospel lamp symbolizes, the Industrial Arts Department had new vision for an extensive learning programme for the students. This has been a challenging and exciting first year for me at GHS since replacing Mr Caucau who left the department at the beginning of term one to complete his studies at USP. Thank you for your service rendered to the department!

The department consists of two other members and I wish to acknowledge their tireless support, initiative and creativity. This dedication to the depatment is applauded.

Next year the department will be part of TVET's compulsory education scheme and will offer Woodwork, Technical drawing, Wood Technology and Technical Drawing and Design from form 3 to 7. Enrichment courses such as AUTOCAD (Computer Aided Drawing) is also offered by the department.

Apart form the normal day to day teaching, the department has been instrumental in the completion of the following projects:

- Construction of a retaining wall and terrace
- Sign writing and fixing the "Mission and Vision" board at the flagpole area
- Construction of timber racks
- Construction of a storage room and other developments

In closing, I would like to thank the Ministry of Education for providing hand tools, power tools and technical drawing equipment for the department. The administration is also thanked for their dedicated support to the department.

I wish all students sitting for external exams the very best and a merry Christmas and a happy new year to all readers.

Mr. Muneshwar Prasad
HOD Industrial Arts.

MATHEMATICS DEPARTMENT REPORT

Sitting: Mr. G. Venkataiya (HOD), Mrs. Priya Sharma
Standing: Mr. T. Vosalagi, Mr. A. Chand, Mr. S. Padayachi, Mr. S. Prasad

The end of another challenging year is about to embrace us and I feel privileged to submit my department's reflections for this year.

As a team, we have remained totally dedicated to helping our students achieve their goals without letting complacency creep in and have served with the ultimate aim of achieving excellence.

The students of our school participated in three competitions. In the Australian Mathematics Competition. Out of a total of 43 students, 10 students received credit awards, 7 distinctions, 4 high distinctions and one prize award. In the Fiji Mathematics Association organized Fiji Mathematics Competition 33 sat and 29 received awards. In the Fiji Mathematics Competition organized Team Mathematics Competition, the form 3 and 4 were placed third; while the form 5 and 6 were placed second in the zone meet. Our form six team came fourth in the National finals out of a total of 12 teams.

In conclusion the department wishes to thank The Principal, The Management and the Ministry of Education for their helpful guidance.

My best wishes for the students preparing for the external examinations. A Merry Christmas and a Happy New Year to all.

G. Venkataiya.
HOD

Fiji Maths Competition Participants

Mathematician/Statistician/Accountant Finalist

A mathematician, Statistician and Accountant were finalists for a position as VP in a large corporation. The hiring committee asked them all the same last question:

The mathematician was first: "How much is 500 plus 500?" they asked" 1000" he replied without hesitation. "Thank you", they dismissed him.

Next the statistician: "How much is 500 plus 500?" "On the average, 1000 with 95 % confidence" replied the statistician "Thank you", they dismissed him.

Next the accountant: "How much is 500 plus 500?" "What would you like it to be?" responded the accountant. They hired the accountant.

ENGINEER, MATHEMATICIAN & Physicist-"FIRE IN THE ROOM".
A physicist and engineer and a mathematician were sleeping in a hotel room when a fire broke out in one comer of the room. Only the engineer woke up. He saw the fire, grabbed a bucket of water and threw it on the fire and the fire went out. Then he filled up the bucket again and threw that bucketful on the ashes as a safety factor, and he went back to sleep. A little later, another fire broke out in a different comer of the room and only the physicist woke up. He went over measured the intensity of the fire, saw what material was burning and went over and carefully measured out exactly 2/3 of a bucket of water and poured over it, putting out the fire perfectly; the physicist went back to sleep. A little later another fire broke out in a different comer of the room. Only the mathematician woke up. He went over looked at the fire, he saw that there was a bucket and he noticed that it had no holes in it; he turned on the faucet and saw that there was water available. He, thus, concluded that there was a solution to the fire problem and he went back to sleep.

Riding The Hot Air Wave/Particles

Two Physicists were riding in a hot air balloon and were blown off course sailing over a mountain trail, and were completely lost whennthey spotted a jogger running on the trail and they shouted "Can you tell us where we are?" After a few minutes, the jogger yelled back "You're up in a balloon." One physicist said to the other, "Just our luck to run into a mathematician". "How do you know he was a mathematician?" asked the other. "Well, in the first place he took a long time to answer; second, his answer was 100% correct and third, it was totally useless."

The PEMAC Department

The PEMAC department offers programmes in the three disciplines of education (Physical Education, Music, Art and Craft) through classroom and practical learning.

Apart from their enrichment values, the department provides the initial education and training for students who wish to pursue further studies in this area at the Fiji College of Advanced Education, Fiji Institute of Technology and even USP.

Another main aim of the PEMAC department is to create awareness of the employment opportunities available and to prepare and equip the students so that they could find employment. I am proud to say that all these have been made possible because of the support, guidance and assistance provided by the school.

As we come to the end of 2006, I am very delighted to commend and applaud on the collective effort of those teachers who have offered their services to the PEMAC Department, for athletics, sports, concerts, etc. Your contributions have really boosted us to reach the culmination of our yearly activities successfully.

A word of appreciation to the Principal, Mrs V. Naidu for being so accommodating even though the sailing was sometimes tough. A special Thank You to all the students that represented the school in all sporting and athletic competitions. You have brought fame to the school for your achievements in the sports arena.

Last but not the least, A very Big Vinaka Vakalevu to Mr. Mohammed Khaiyum who left us at the end of the second term. The PEMAC Department wishes you the best for a bright and fruitful future.

GOD BLESS GOSPEL HIGH SCHOOL.

Kereni W. Tukana.

BASKETBALL REPORT

The players wish to thank the following people:

i) The Principal and School
For allowing us to play and represent Gospel High and the provision of new uniforms

ii) Our Technical Coach Mr. Kelevi Serukalou for his tireless work and time during our training sessions

iii) Manageress Mrs F. Kaitani for making herself available and for moral support.

iv) Mrs K. Tukana – For her enthusiasm and support in big and small ways

During the second term we played a series of 'Home and Away' games as a build up to our annual Fiji Secondary Schools Finals. The results of the finals were as follows:
U15 Girls – lost to LDS in the semi-finals
U15Boys – lost to YSS in the finals
U17 Boys – were unfortunate not to have reached the quarter-finals.

Eight of our U15 players were selected for the "ALL STARS" team. These players are chosen because of their outstanding performance and good display of the basics of the game. They may even go on to represent Fiji at the next U20 Oceania Youth Tournament to be held in Guam in 2008.

Finally my biggest appreciation to each player. You have played well. You have been worthy representatives of the school. Your skills can only improve from here. God's blessings on everyone until we meet around the 'Key' next year.

Mr. Joe Tamani – *School Coach / Referee*

Under 15 Report

This year was a tough one for the U15 netters. With months of intensive focus and sacrifices, we participated in the secondary school netball competition and won all our pool games. Unfortunately we didn't make it to the semi-finals. We lost to Suva Grammar but this didn't dampen our spirits from trying again next year as the verse Phil 4:13 says "I CAN DO ALL THINGS THROUGH CHRIST WHO STRENGHTHENS ME". So with this we will try to improve and win the title next year. The team would like to thank their coach and manager Ms Motoya and Mrs Kavika for their time and encouragement throughout the term. Also the supporters during the tournament especially the parents for giving our fare to go to the weekly games and the parents that were there with us during the two days of the tournament. A BIG VINAKA VAKALEVU TO YOU ALL.

Captain: Unaisi Ranadi

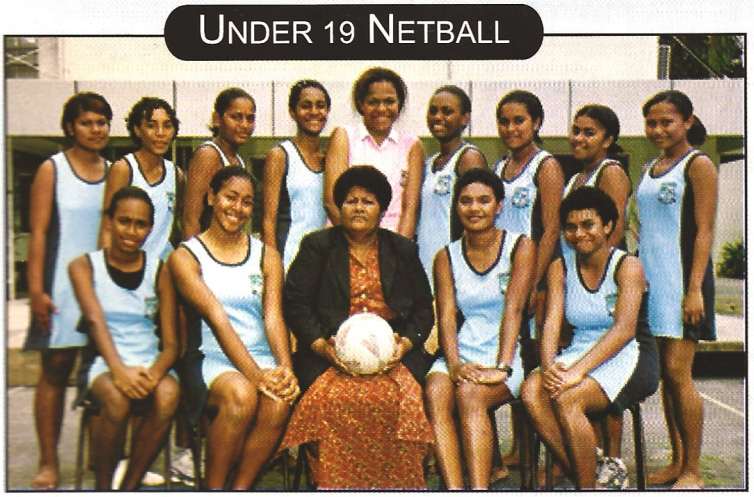
Under 17 Report

2006 has been a wonderful and enjoyable year for the Under 17 Netters.

We had talented and enthusiastic girls from different races representing the team to the weekly tournaments held at the Post Fiji Stadium Car Park every Thursday. The games were quite tough but when the tough gets going, the team gets determined to always do their best and aim for success. There were some happy and sad times which we were able to go through them together with the motto "Team Work" and the everlasting guidance of the Almighty God kept us going. We would like to thank our hardworking coach Mrs Kavika for giving words of encouragement, trying to mould us around to be strong players and especially Mr Isimeli for your time and effort in improving the teams' skills. On behalf of the team I would like to wish you all a Merry Christmas and a Successful New Year.

UNDER 19 NETBALL



Standing: L-R Salaiwai, Amelia, Bulou, Adi Kula, Ruci, Asenaca, Sereima, Repeka, Kelui
Sitting: L-R Katarina, Vivita, Mrs Tamani (coach), Makereta, Melita.

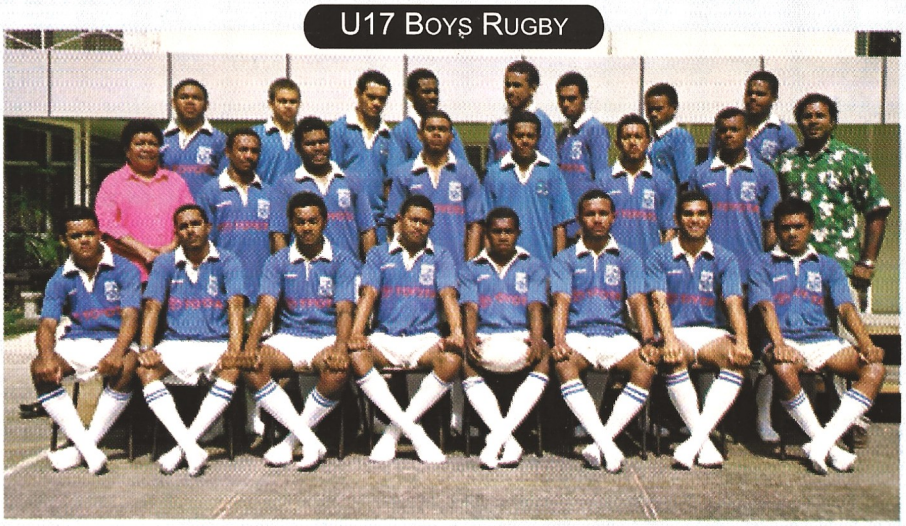
Sitting: L-R Aliki T, Kitione t, Shane A, Logan F(**Captain),** Mr Delailomaloma(**Coach**),
Aparama V(**Vice-Captain**), Peceli N, Kolinio N, Aporosa M.

First of all I would like to thank the Lord for giving us the strength and enabling us to make it this far. As the Captain of the U16 team, it is a privilege to write a report for the team. The team has made the school proud by reaching the quarterfinals. Firstly I would like to congratulate the boys for their hard work throughout this season. On behalf of the team I would like to thank the coaches, Mr. Jale Mareu and Mr. Delailomaloma for their hard work, dedication and sacrifices to the team.. I would like to thank everyone that supported the team. Through Christ everything is possible only if you have faith and believe in yourself.

Logan Fisher (Captain)

U17 Boys Rugby



Back Row: L-R Laisenia V, Benjamin S, Jona N,Peceli R, Alfred K, Joseph N,Micael C, Ilaisa K
Middle Row: L-R Mrs. Tukana, Simione W,Eparama R, Bula V, Josaia U, Asaeli Y, Lekima N, Mr. Henry
Sitting: L-R Waisea R, Pate C, Samu K, Usaia T, Jovesa L, Julian V, Inoke R, Ilisoni T.

It's a pity that we only played up to the pool games mainly because we had no coach and the boys felt neglected and started to ply truant with their training. However I hope things will be better next year and a good U18 team will be set for 2007. Have a merry Christmas and hope to meet you all in January, 2007.

Jovesa Lalauvaki

HOCKEY REPORT

The hockey season started in term two this year with the boys and girls teams participating in the Suva district 11-a-side and 7-a-side tournaments. The girls team did quite well and the boys team played the final with MBHS in the 7-a-side.

Training was held everyday with Mr Prasad but the clash for ground space with other sports was a minor setback. However, we were able to book the turf and train at the National Hockey Centre from the funds that was raised at school.

The National Tournament was held from Thursday to Saturday on the last week of term two. The girls did their best and played extremely well. However, our underdog Boys 7-a-side team was on fire and with the blessings of our Lord created history. We beat MBHS in the quarterfinals, Natabua High School in the Semifinals and lost to Tilak High in penalty strokes in the finals. In addition we also won the best goal keepers awards and a hundred dollars sports voucher.

This was a major achievement and a learning experience also. Our sincere thanks goes to the Lord Almighty and Mr Prasad for his talent, time, prayers and financial assitance. A big vinaka vakalevu to Mr Seiji Tokito who arranged our uniform sponsorship with SAFEWAY MARINE and for bringing us food and refreshments during the tournament.

Finally many thanks to our supporters, parents, teachers and families for their prayers and support during the entire hockey season. I hope that Hockey be taken seriously and emphasised at GHS. Watch out for the team next year!!!

YOUR NEED AND CARE IS OUR BUSINESS

CREATIVE WRITING

Hi, check out these interesting facts

1) Coca-Cola was originally green.

2) The most common name in the world is Mohammed.

3) The name of all the continents ends with the same letter that they start with.

4) The strongest muscle in the body is the tongue.

5) TYPEWRITER is the longest word that can be made using the letters only on one row of the keyboard.

6) Women blink nearly twice as much as men!!

7) You can't kill yourself by holding your breath.

8) It is impossible to lick your elbow.

9) People say "Bless you" when you sneeze because when you sneeze, your heart stops for a millisecond.

10) It is physically impossible for pigs to look up into the sky.

11) The "sixth sick sheik's sixth sheep's sick" is said to be the toughest tongue twister in the English language.

12) If you sneeze too hard, you can fracture a rib. If you try to suppress a sneeze, you can rupture a blood vessel in your head or neck and die.

13) Each king in a deck of playing cards represents a great king from history. i) Spades - King David ii) Clubs - Alexander the Great, iii) Hearts - Charlemagne iv) Diamonds - Julius Caesar.

14) 111,111,111 x 111,111,111 = 12,345,678,987,654,321

15) If a statue of a person in the park on a horse has both front legs in the air, the person died in battle. If the horse has one front leg in the air, the person died as a result of wounds received in battle If the horse has all four legs on the ground, the person died of natural causes.

16) What do bullet proof vests, fire escapes, windshield wipers and laser printers all have in common? Ans. - All invented by women.

17) Question - This is the only food that doesn't spoil. What is this? Ans. - Honey

18) A crocodile cannot stick its tongue out.

19) A snail can sleep for three years.

20) All polar bears are left handed.

21) American Airlines saved $40,000 in 1987 by eliminating one olive from each salad served in first-class.

22) Butterflies taste with their feet.

23) Elephants are the only animals that can't jump.

24) In the last 4000 years, no new animals have been domesticated.

25) On average, people fear spiders more than they do death.

26) Shakespeare invented the word 'assassination' and 'bump'.

27) Stewardesses is the longest word typed with only the left hand.

28) The ant always falls over on its right side when intoxicated.

29) The electric chair was invented by a dentist.

30) The human heart creates enough pressure when it pumps out to the body to squirt blood 30 feet.

31) Rats multiply so quickly that in 18 months, two rats could have over million descendants.

32) Wearing headphones for just an hour will increase the bacteria in your ear by 700 times.

33) The cigarette lighter was invented before the match.

34) Most lipstick contains fish scales.

35) Like fingerprints, everyone's tongue print is different.

Foreign Fractions.

How do we know that following fractions are in Europe? A/C, X/C and W/C?
Because their numerators are all over C's.

Problem Solved- Another Mathematical Success Story

An engineer and a mathematician shared an apartment Their kitchen was equipped with an electric stove, and every morning someone had placed a pot of water on the back-right burner so they could make coffee. They both knew what knob turned on this burner. One morning the engineer came into the kitchen and found the pot was on the front-left burner. He got out the stove's schematics and followed the wiring diagram and finally figured out which knob turned on this burner and he then used that knob and made the coffee. The next morning the mathematician came in and also found the pot on the front-left burner. He moved the pot to the back-right burner, thereby reducing the problem to one which he had already solved.

Inconsistency Theorem.
Little BOY: "My math teacher is crazy"
MOTHER: "Why?"

LB: "yesterday she told us that five is 4+1;
today she is telling us that five is 3 + 2"

Mathematics Study Tips.

HOW DO YOU KNOW THAT YOU UNDERSTAND?
Experts say that you understand a topic or concept when you can:
(i) explain it
(ii) prove it
(iii) use it to solve a problem
(iv) connect it with other topics

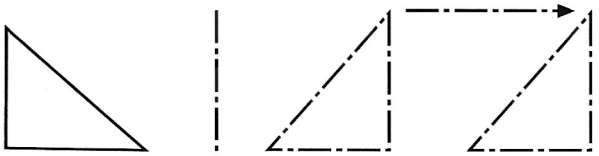
Hint: make connections!!

Check your own understanding by trying to explain, prove or use what you learn. OR, try to compare and connect with what you learn and what you already know. Remember, when you make connections, you will be able to understand any mathematics topic or concept. And it will be easier to remember.

TURN WORDS INTO PICTURES.
Do you ever winder why maths cannot be written in plain English? Why are so many math's word problems so confusing?

For example
Triangle T is reflected across Line "l" by operator "O" and then translated by vector V. find VO (T).

Questions like this one are confusing because they use words to describe problems that are really pictures. Reflections, transactions, and vectors are all pictures. To understand the problem, you have to see the pictures.



If a picture like this one doesn't come into your mind, try drawing one. Remember, turn words into pictures, and confusing problems into more sense.

The Breakfast Club this year has been a very exciting and challenging one. Even though our numbers fluctuated, we always had our regulars who were faithful. The CF Camp was the highlight of the second term. We also farewelled Mr Donald Ram a very devoted Scripture teacher. Mr Tamani was very encouraging and helped us out throughout the year. A big vinaka vakalevu to him.
This year has been the best year and I hope and pray that God will continue to bless all the students and teachers.

Timothy Verma.

Greetings!!
I'm honoured to write a lil some'n, some'n, for you peop's out there. This year's been a really exciting one for me personally coz I managed to release my first solo album and I have sung like I've never done before. A little secret of this voice I got is "Give back to God that talent and He'll multiply it and bless it. I thank God for putting me in this beautiful school which has given me a lot of opportunities to reach out to my peers through my songs.

I do have a lot of future plans regarding my career in music but I'm totally trusting my Heavenly Father to lead me coz He knows what's best. God has brought me this far and He'll take me all the way. My main aim is to share the gospel through my songs in these perilous times and I never intend to perform secular music.

I would like to thank y'all for supporting me, the Prinicpal, the teachers, the students and especially to my two best friens Alisi and Seruwaia y'all rock. Just a lil advice >> "It doesn't matter if people don't believe in you coz this God believes in you and that is all that matters.

God Bless & stay blessed.
Have an exhilarating Christmas & a splashing new year.

Lena Baravilala (Sis In Christ)

CF Camp
This camp was "The Bomb", with an hour and half of bus ride. We reached the camp and unloaded the bus and then all went down to the beach and came back when it was dark. I took my tent and it was like the hangout for all the boys after dinner.

The activities were awesome and the competitions we had were wacky man!! Even the theme was "Wacky Pressing". Boy the way the people were dressed was just wacky.

The theme for the camp was "Set Apart". We had three speakers and they were really good and most of us made a choice to set ourselves apart for Christ.

Shaneel Ranjan, 6F

The Breakfast Club
This year for the club was all good. My name is George from form 6D and I was one of the regulars who came to this club.

We had a fun year full of enjoyment and made a lot of friends. On breakfast club day's we came to school every morning at 7.00am to prepare breakfast than before we had a little fun activity.

Then we had breakfast and talked about God and what he has done in our lives. Our members consist of Fijians, Indo-Fijians, Rotumans, Koreans, Pacific Islanders and other mixed races who all love to share the Word of God every Friday morning.
So as a member I would love to invite you to come and experience the love we have for one another yeah just to tell you we don't bite so don't worry there is no sugar!!

George, 6D

My CF Camp Experience
I actively became a member of the CF group at the beginning of this year, even though, I've been a student of the school from kindergarten. It is only at the beginning of this year that I realized there was a void in my life that only

the Lord could fill.

An amazing thing that I came to learn this year is that Christianity is a relationship and not a religion as is the misconception amongst many people. It is a daily walk in life with the Lord rather than the strict norms and principles that most associate it with.

Camping was a delightful experience e to the fullest Activities that were planned out were really fun and we had a great variety of attitudes that livened the place up.

Quiet time in the mornings were nice as we shared amongst ourpeers and we had two enlightening guest speakers; in the form of Brother Tapu (the Principal of Suva Christian School) on Saturday who gave us an enlightening experience on avoiding temptation and how to be holy. The second guest speaker was Uncle Geoff Nainoca. He addressed the whole camp on Saturday and gave us enlightening insights on his life in Chad as a missionary.

The camping experience that I had was a life changing one and for those students who love camping in general (and love the Lord) this is a very good place to be. May you all have a lovely Christmas and a Blessed New Year.

Rayneel Singh, 6C

Christian Fellowship

Our Gospel Christian Fellowship
Is made up of two groups
The Lunch Box Club
And the Breakfast Club
The Lunch Box Club consists of all juniors
The Breakfast Club consists of all the seniors
But when it comes to camps and rallies
We all unite,
To represent our head, CHRIST.

2006 was a year to remember
Deuba campsite, Gospel rally
Waz a great time to socialize
Different levels and different backgrounds
Of students in this club
Help testify of God's amazing love
So when you read this poem
Do remember all it's enjoyment
Live a life to be holy
May God bless you
Oh, ye, God feary.

Bulou Raijieli
Form 6D

Testify

1. I arrived at Gospel in 2003
   Praise God for guidance
   That I'm present in 2006.

2. I came as a stranger
   But God was my ranger
   At times I gave up
   His Words of courage
   Bestowed me love.

3. Whenever I felt down
   He picked me up
   Whenever I was lost
   He showed me the path

4. Whichever place I go
   He protects me home
   And whatever I misunderstood
   He directs me to help it improve.
5. When it comes to school
   I sometimes focus
   But how do I achieve such success
   Through God's only Word.

6. My 1st year was of struggle
   Yet 2nd was of rivals
   My 3rd year was so mindful
   But now is so painful

7. My advice to you,
   To all dear youngsters,
   Let our Father lead
   He'll help you
   Achieve your dreams.

By Bulou R
Form 6D

Why Scripture Is Different and Important to me

Scripture is different because it is a subject which educates us about how to live a life of righteousness. Scripture teaches us about the Bible. The Bible is a whole library of 66 books about Gods Word. It is above all and the most important subject of all, it guides us to the paths of eternal life with Christ Jesus.

Kartikesh K Chanel, 3Q

Scripture is different because it makes students focus apart from their school work on the stories of God and His amazing followers. It teaches us about values and how to live life. The Bible is a guide book that helps us handle our problems and makes life meaningful. It is the only book that existed long ago and it is the most selling book. There are parables and dreams which are mysterious and a few people can translate it. The Bible talks about Jesus and how He lived His life here on earth. It is like a library. When it comes to scripture time it means it is God's time to teach us. To conclude, Scripture develops our spiritual fitness and ready us for the coming time of God.

Johnny Senirogo, 3S

I like Scripture because it teaches me to know about God. I find Scripture easy and I am smart in Scripture. I like reading the Bible in my free time to know more about God. I am not a Christian, still I believe in God very much. Every Thursday I go to the Lunch Box club. The teachers talk about God. We can understand about God and know His Words.

Maushmi, 3Q

I like Scripture because it talks about the Word of God and how we could become a Christian. It is an interesting subject, it also talks about why Christ came to earth. We learn how to overcome problems we face. If we want to know about God we must always read the Word of God which is the Bible, if we are in trouble try and talk to God about it and He will help you.

We can never doubt the Word of God because it is a powerful instrument in our lives. Countries this days are having wars against each other, that's because they do not trust in God. We must always remember that God is always with us everywhere we go.

Tevita W, 3S

Scripture is more important because it gives us Christian values and the most important thing is it teaches us about the Bible and Christian living.

The teaching in Gospel is from the Scriptures. As a Christian girl I like Scripture because it gives lots of opportunity for us to develop our skills.

1 Timothy 4v12,13. Do not let anyone look down on you because you are young, but be an example for the believers in speech, your conduct, your love, faith and purity until I come. Give your time and effort to the public reading of the Scripture and to preaching and teaching.

Kirti Sanjana, 3S

I like Scripture because it is the only subject that tells us about the Lord Jesus Christ. Our Scripture teacher is Mr Henry, he is a nice, funny teacher. Scripture in our school is taught in all forms. The Bible contains 66 books I would like to know more about the Lord. I gave my life to the Lord when I was in class 4. Thank you.

Nemani, 3S

Scripture is different because it talks about what you are while other subjects care about who do you want to become. Scripture tells you many different things in different ways.

Did you know if you hold a Bible in your hand, you are carrying 66 books and it's all about one person who came to earth just to die for our sins. You can also learn about how the world was made before anyone else lived. If you want to know more about it just read the Bible because that was what I learned from Scripture.

Tokalau Lesivakadua, 3S

I like Scripture because it is different from my own culture. I would like to learn about other cultures. In this subject we learn about the Lord. The subject has its holy book itself called the Bible. If you read a Bible you would learn about how people respected and cared for the Lord. The Bible in the world's biggest library and it has 66 books in itself. These books are about sons, love poetry and many other topics.

After reading this book we can learn about the life of the Lord Jesus Christ. God is someone whom you can have faith in because you can't see Him and still you believe that He lived. We should always obey God. He is the only creator of the world and the only creator of human beings. He created the world so that people have got a place to live on. We should always glorify the holy Lord.

Faizal Imran Khan, 3Q

Scripture is a subject which is different from all the other subjects. It enables us to lean and know about God. It is a subject which help us to become a good person. Bible is the Word of God which sends information to people. The Bible itself is a library. It contains 66 books. It is divided into two parts, the old testament and the new testament. The old testament contains 27 books and the new testament contains 39 books. We should have in God.

Adwin Chand, 3Q

Scripture is a lesson or subject that enables me to know about GOD and to become a good person in the future. It helps me understand more about God, what is my purpose in this world which is to glorify the mighty God. I felt so special when I learned that God gave His one and only son to the world to die for our sins so that we can have eternal life.

Vakaola Puleiwai, 3Q

I like Scripture becoz it is a supernatural subject. It teaches us about the Word of God. It encourages us to read the Bible and try to understand what God wants us to do, how can we reach to that status of success, follow instructions of the Lord Jesus Christ. It tells us about how we were created in the image of God, how did sin enter the world, what should we do to go to heaven, why should we follow God's instructions and many more events and other steps we as human beings should take as the children of God. It is a very good source of informative subject which I like the most.

Irene, 3Q

I like Scripture because it teaches about our God of Israel and helps us know more about the Bible and God. It helps me to know why I am here on earth and what is my purpose on earth. Scripture is so great that it is the world's greatest library. It sells more books in the year. Is tell who ever is reading this that Scripture is the best and that's why I like Scripture.

Bulou Leslie, 3Q

I love Scripture because it makes us understands more about God, what God wants to do with us. Scripture is different from other subjects because it is natural and this talks us about our everyday life. Scripture is the sacred writings of Christianity. The Scriptures or the Word of God is like a little book of help, it also reflects back the type of life you have. When we read more about the Bible you will get to know better about God and we can be able to overcome temptations, resist evil and become wiser and you can change the ways of your life. So that is why I love Scripture I hope you do too!

Lima Curtis, 3Q

Scriptures God's Word to man and is very different from other books because it is something like a manual on how to live according to God's purpose for us in life. It also is like a miniature library which can easily fit into your suitcase whenever you travel. Stories about life, courage, romance, history, biography, letters to people and places and also about things that happened in the past, things which are happening now in the present and which will happen in future can be found all in one book which is another reason as to why Scripture is different. Scripture is also holy which means it is set apart for Gods purpose. In Gods Word there is a verse which says "though the world may pass away, my words shall not pass away" which proves that Gods word is upper natural and even though it was written over 100 years ago the word of God never seems to grow old or get boring because Gods Word is alive. I would like to end with my favourite Bible verse taken from *Jeremiah 29v11. I alone know the plans I have for you, plans to bring you prosperity and not disaster, plans to bring about the future you hope for.*

Kauned Tomtom, 3S

How TO BECOME A Christian

A Step of FAITH
In your personal opinion …
What do you understand it takes for a person to go to heaven? Consider how the

Bible answers this question. It is a matter of **FAITH**.

F is for FORGIVENESS

We cannot have eternal life and heaven without God's forgiveness.

"In Him [means JESUS]we have redemption through His blood, the forgiveness of sins" (Eph 1:7)

A is for AVILABLE

Forgiveness is available. It is –

· Available for ALL.

"For God so loved the world that He gave His one and only Son, that whoever believes in Him shall not perish but have eternal life" (John 3:16)

· But Not Automatic.

"Not everyone who says to me, 'Lord, Lord,' will enter the kingdom of heaven"
Matthew 7:21

I is for IMPOSSIBLE

It is impossible for God to allow sin into heaven.

· Because of who He is: God is loving and just. His judgment is against sin. *"Judgment without mercy will be shown"* (James 2:13).

· Because of who we are: Every person is a sinner.

"For all have sinned and fall short of the glory of God" (Romans 3:23).

But how can a sinful person enter heaven, when God allows no sin?

T is TURN

Turn means repent.

· Turn from something-sin and self.

"But unless you repent, you too will all perish" (Luke 13:3).

· Turn to Someone; trust Christ only.

"If you confess with your, 'Jesus is Lord,' and believe in your heart that God raised Him from the dead, you will be saved" (Romans 10:9).

H is for HEAVEN

Heaven is eternal life.

· Here … *"I have come that they may have life, and have it to the full"* (John 10:10).

· Hereafter… *"And if I go and prepare a place for you, I will come back and take you to be with me that you also may be where I am"* (John 14:3).

· How …

How can a person have God's forgiveness, heaven and eternal life, and Jesus as personal Saviour and Lord? By trusting in Christ and asking Him for forgiveness.
Take the step of faith described by another meaning of
FAITH: Forsaking All I Trust Him. Then tell someone about the important decision you have made. Grow in your faith and enjoy new friends in Christ by becoming part of His Church and attending a Bible believing Church.

CHARITY
Charity is giving money
To people in need
Tolerance is judging others
For people to kmow

As Gospel's theme
Students try hard
They aim to succeed
And try to achieve

So to all 6dee
Victorious and unique
Let's work as a team
And build a good reputation
As a form

Bulou (6D)

CHARITY
C- IS FOR CHARITY
H-IS FOR HONESTY
A-IS FOR APPRECIATION
R-IS FOR RESOURCEFULNESS
I-IS FOR INTELLIGENCE
T-IS FOR TOLERANCE
Y-IS FOR BEING YOURSELF.
ADD ALL TOGETHER
IT IS A BLISS

Unaisi- (6D)

LOVE

The glory of life is to love
Not to be loved
To give and not to get
To serve,and not to be served
To be a strong hand in the dark
To another in time of need
To be a cup of strength to any soul
In a crisis or during weakness
This is to know the glory of life
Charity is giving money
To people in need
To develop one's potential
And help yourself in the quest to succeed

Frances(6D)

GOOD HONEST HARD WORK
A person who is hardworking
Will achieve the best
And that he will be successful
Is no doubt a fact
Hard work leads to success
And a good honest hard worker
Has a better life
And the reward is very sweet indeed.

Kuini (6D)

PEACE
Peace is our theme
Endurance should we have
Peace must be the theme
For the good things we get.

Fellow students of Gospel
Be careful in what you do
Step in to a new self
With a renewed value

Bole (6D)

TIME
To realize the value of one year
Ask a student who fails a grade
To realize the value of one month
Ask a mother who gave birth to
A premature babyto realize the value of
Virtues programme
Ask the editor of a newspaper
To realize the importance of one hour
Ask a businessman
Who is always late for the meeting
To realize the value of one minute
Ask a prisoner who is about to be executed
To realize the value of one second
Ask the athelete who won a gold medal
So treasure every moment that you have
Because you share it with someone special
Special enough to spend some time
'Yesterday is history, tomorrow is mystery
But friends today is a time
Which will never come back.

Emele (6D)

Yourself to Blame

If things go bad for you
And make you a bit ashamed
Often you will find that
You have yourself to blame .

Swiftly we ran to mischief
And then bad luck came
Why do we fault others?
When we have ourselves to blame

Whatever happens to to us
This is all we say
Had it not been so 'nd so
Things wouldn't have been that way

And if you are short of friends
I'll tell you what to do
Reexamine yourself
You 'll find faults in you

You are the captain of the ship
So agree with the same
If you travel downward
You will have yourself to blame

Luisa (6D)

POLITENESS
Being polite is a virtue
Irrespectful of who you are

Never give up
Coz what you give
Is what you get

In return

So when you are polite
Do not ever forget
Others will do the same

Simione B.(6D)

LOYALITY
L is for loyal
To be firm
and consistent
in your thinking
your acts
O is for obedience
To respect and honour
Y is for youthfulness
Looking young and active
A is for ambitious
The ability to succeed
Easy to understand
And think clear
T is for tolerance
To endure patiently
Y is for you
Any person in general
And for everything
A very good Thank you

Bulou (6D)

Loyality
There are loyal hearts
There are brave spirits
There are souls that
Are pure and true
And do not worry
The best will come to you.

Social Science excursion

We went in a bus
With students causing a lot of fuss
We went to Colo –i – Suva
Where are the others?
Wev were not sure
But then the bus arrived
And continued our ride
We went to Valelevu
To buy our vakasigalevu
We went to the first site
And stopped for a visitation
Coca Cola factory was pretty big
We went inside and had a jig
Then we went to the landfill
Passing three koros
We came back to school
the weather was cool
and as usual
pondered at what an educational day
it really was

Laisiasa (4O)

IN SEARCH

Where would I find it?
Up in the mountains
Down in the valley
Or flowing in the river

None of these places
To find truth,
Just peep inside
Your own heart
There you shall find
Lying ideal in the corner
A bright light
To lead you right

Make friends with it
Make sacrifices for it
Leave the sins of
Yesterday
And accept the
Challenges of today.

BY: Kiriti ,Sharon

Memories

Memories are treasures
Which no one can steal or break
As they remain treasured
They are historical
They are valuable
They are remembered
Forgotten will be mankind
But not memories
They shall never die
Even if we are no more
In contact with each other.

By: Kriti, Sharon
Form : 3s

JOKES
Close your eyes and,
Think of yourself for 10 seconds
Open your eyes
Now you have realized,
That u have wasted your 10 seconds
In just thinking of FOOL.

Irene 3q

I KOCKED
I knocked on heavens door,
God asked what can I do for you today?
Favour I said,
Please Love, Protect and Bless,
The one who is reading this poem
He smiled and replied
Your wish is granted.

Arishma 4 m

FORM 6F REPORT

In life one meets many people, many of which we become friends with. Without friends we are nothing and life would be dull. Form 6F is one big family where we share with each other and try to help one another in any way we can. There is no discrimination among students because we have good examples to follow and that is our very own form teacher, Ms Motoya and assistant form teacher Mrs Padayachi. Their continuous encouragement and teachings has enabled us, a class of 38, to work towards our goals. Yes we may become mischievous at times but we've always had these two ladies leading the right way in trying to keep us out of trouble since this is their aim. Now the year has ended and we will all go our separate ways but what we all shared and learnt in room 11 will remain in our hearts forever. All the memories made and shared will be forever treasured by 6F students of 2006.

By Jerusha Newton

FORM 3P REPORT

BOYS : *Ashneel : brain box*
Grant : plans for the next uniform check
Jeremaia : sees that everything is running smoothly for the Form
Josateki : environmentally conscious
Jonetani : the artist who writes Japanese
Kashmindar : Get's things done !
Krishnan : our socceroo
Lepani : when he's not asking questions , he's an ace at basketball
Marika : " 3P , I'll captain the Volleyball Team ! "
Ratu Bola : the shy chief
Ravinish : He' ll tell you the " reasons why " he likes it here
Samuela : quick to help
Thomas : always up to something , that's good ...

GIRLS : *Adi Vere : netball's her game , studying her aim*
Ana : always a friendly face
Debbie : sweet and kind
Elizabeth : the poetic actress specializing in chocolate cake
Evangeline : man , can she handle a " nail gun " , in Madams presence of course
Ho Jeong : the main girl in the role play !
Joslyn : if you need a " wow " poster just ask her
Maraia : all round athlete with the best handwriting on the board
Nanise : always ready to listen to the short story ...

Nikath : prints out the "notice board " with a smile
Nishael : a confident person
Rachael : Rotuma flair
Rehana : always reading and smart
Reshmeeta : a quiet , nice girl
Rosi : " calling down an Angel "
Rusila : won silver at the Zone 3000 m ..phew ..
Sainimili : always tries her best
Sera : our prizewinning artist
Sereana : the sweet voiced girl
Sinal : a good friend
Shaniya : can't miss duty
Shannon : always willing to help colour ..your life
Sonam : a competitive whiz
Sonia : has an opinion and will share it , so be ready !
Tabitha : laughs so hard tears fall out of her eyes
Trishala : she can study and she can move to the beat
Verenaisi : everybody likes her
Vinaisi : too nice it's true ...

FORM 3Q REPORT

Hello, Namaste and Ni Sa Bula to all you readers.The year 2006 started with 43 intelligent students occupying Room 13 which is quite hidden from the rest of the school.The members of 3Q have gone through all the toughest and happiest moments together.Some blamed the past crisiswhile for others it was part of their daily lives. But whatever happened we trained physically, spiritually, academically and mentally to survive.English, Maths, Accounting, Economics, B/Science, S/Science are the subjects we have to do and not forgetting Scripture too.Various facts we have to gain coz better kwowledge we got to attain.Remember,whether it's good times or bad times always have faith in God.Achieve your goals and pass with flying blue colours. Form 3Q wishes you a warm CHRISTMAS and a joyous wet NEW YEAR.

The Prisoner and His Wife

Once there was a prisoner and his wife. One day while the prisoner was in jail he received a letter from his wife and it read:

Dear husband,

I would like to ask you if I could plant some lettuce in the backyard?

Lovingly,

Fiji

Fiji is the place to be
Amid the hardship and the raging seas
Coups and race have made a face
But it did not dampen the blissful peace

Fiji is a land of gold
Its laughter fills the wet cold dawn
People rushing to and fro
To time they say
That doesn't grow old
A cheerful 'Bula Vinaka'
And 'Namaste' to you
Find my country....
My home....
My own....

By Krishnan, 3P

A minister parked his car in a NO PARKING zone in a large city because he was short of time and couldn't find a space within a meter. So he put a note under the windshield wiper that read: 'I have circled the block ten times. If I don't park here I will miss my appointment. FORGIVE US OUR TRESSPASSES!'
When he returned, he found a citation from a police officer along with this note: 'I have circled this block for ten years. If I don't give you a ticket, I'll lose my job. LEAD US NOT INTO TEMPTATION'.
Adivere Bolatolu, 3P

What do atomic scientists eat?
Fission chips

A boy was once caught fishing in a restricted fishing area. The guard asked him, 'didn't you see the NO FISHING sign?' 'Yes' said he boy, but 'I wasn't fishing.' 'what were you doing then?' asked the guard.
'I was just teaching the worms to swim!' he replied.

Sainimili and Debbie, 3P

Land Falls

Emptiness of a land,
So lost and bare,
Without a child's voice,
To find ones ear,
The magnificent earth,
Without any trials,
Is lost beyond control,
Of treacherous bribes,
The cities burn,
With modern fire,
As people seek,
For one desire,
Make no mistake,
Of what you find,
Can lead to,
Your own demise.

What Next???
After primary school
What next?
After high school
What next?
After Tertiary
What next?
This question would seem
Very simple
But to others
Going through that state
It would seem hard to answer
This question may
Bring a lot of tension
Stress would also
Play its part
This question
No matter how simple it looks
It carries a heavy load with it
Because with this question
One's future is dependent on.

By: Amrita Singh
Form: 7A

UNPREDICTABLE
We often look at things
Just the way we want to
And hardly do we see the inner links
Which we don't believe to be true.

We accept at first
Without giving any test
Thinking that it is the sole listener in the rest
Thus ignoring the worst, blindly grasping only the best.

And suddenly
Far from a distance
You are called by something so unusual
With which shatters away all that you once held strongly
Leaving you in a crowd..yet you feel lonely.

Once you were dying to see that smile
And today you do nothing to cover this mile
Which without any reason has drifted you away
In the month of august on the 12th day
And you have nothing to say.

We keep ourselves the best it could be
To climb our way to a fruitful tree
Never deciding to hide or flee
So that anybody in the way could see.

How predictable the future
Which cannot be compared or contrasted
With any other her's or his.

But today has no prediction
Unlike yesterday it was predicted
That the core and concern would be the notion
In the bond that was constructed.

The bridge has lost its beam
Because somebody else flowed in the stream
And the constructed beam remains unseen
Until the inner links show. What they mean.

But they then will come another prediction
Which today is unpredictable
Yet then would be naturally believed

Riddles:

What did they give the person who invented the door knocker?

The no- bell prize.

What does a bee suffer from if he visits too many flowers?

High bud pressure

Mario & Peni Form 4I

TAKE NATURAL DISASTERS SERIOUSLY

Natural disaster comes
Natural disaster goes
But you will never know
What they show

For tropical cyclone in a violent rotating wind storm
That's normal in the pacific.com
The wind blows furiously
This makes a man think so curiously

Another disaster is the earthquake
This makes most of us quake
When the island shakes
It tells us to be awake

So look for a table where there's no cable
And go under for protection
Then see your correction

For another disaster is the tsunami
Which have big waves, bigger than mount Sawani
Warning! Warning! Run to higher ground
If you want to see your colour again, colour brown

Another disaster is landslide
Where rocks and soil try to glide
Stone soil tumbling down
Warning! Run to down town

Another disaster is a volcano
Which vomit out little Nemo
It is red and shinny

And this is not funny

Warning! Take the warning seriously
Because when it erupts it erupts furiously
So run as fast as you can
And look for a frying pan

Another common disaster is river floods
This takes away peoples blood
And when wind blows and rain falls
Then, I remember I have to phone call

So take the natural disaster seriously
And don't take the warning lightly
If you want to revive,
Your need to survive

You really should prepare
Because when disaster comes, they don't really care
Its only when disaster starts
Then I remember, there is no short cut

There will be no use looking for the truck
When you know you are stuck
So when disaster appears
You need to put on your gear
Because millions can disappear!

Anger

Anger is a weakness
Which leads to rudeness
Making you friendless
And taking you towards
Sadness
So control your aggressiveness
Before it takes you towards
Madness
By Krishnan, 3P

A LITTLE LESS PERFECT

A little less perfect
A little less real
A thousand miles, a million tears.
Destiny betrothed to me
What most can I fear

The days I knew vanish with time
Fate controls this innocent soul of mine,
And I am left speechless of my days to come.

A forbidden world I must now succumb,
I am left to wonder of how my story was told,
And so, I cherish more that day I had to hold,
I've cried my millionth tear
And walked my thousandth mile,
Yet I find nothing.

How flawless man can be
If they saw as destiny could see,
No more mysteries in the mysteries that would be,
However impossible, like money on a tree.

But I may never know
These streets lead me to an avenue
I refuse to go
Life holds me just another mile,
And yet again
"I'M A LITTLE LESS PERFECT".

FLORENCE
6E

Tuvalu and Fiji

Tuvalu is half under water because the ice in the Polar Regions is melting and the sea water level is increasing.
The ice in the poles melts because a lot of heat is produced on the planet earth.
We should stop burning and stop using a lot of machines so that there is less heat produced and Fiji, in future, does not become underwater like Tuvalu.

STOP BURNING THINGS
TO PROTECT OUR LAND FOR OUR FUTURE!!!

Qayamat Se Qayamat Tak Golmaal Kyu Ho Gaya Na??

Salaam Namaste Gospel. This Paheli took place when Tarzan, Don, Julie, Neal & Nikki, and not forgetting Hum Tum boarded the Air Force One to 36 China Town. Kaal waited for us as we were caught by the Snakes On A Plane which Aksar happens in Kalyug. Bunty aur Bubli were doing Masti in the No Entry zone and they changed their Naksha.

Phir Hera Pheri ke chakkar mein Tom, Dick & Harry, Black suit mein Gangstar ki tarha Pilot ko Blackmail kiya Kiyu Ki Dus bahane me in itna Dum tha ki they Dhoom macha diye. They had an emergency landing.

They got onto the Taxi No :9211 and Sheesha mein dekh kar Tere Naam pucha. Driver se Dosti Huyi and Zinda rahne ki Elaan kiya kiyu ki Police Officer Khakee uniform mein unke saat saat Daud rahe the.

Chalte Chalte Karan Arjun ko Wakt se pahele Koi Mil Gaya . He was Ek Ajnabi Musafir who Sawan ke mahine mein, Pyare Mohan ki tarha Badal ki Barsaat mein Rain Coat pahen kar Deewar par Spiderman ki tarha Family ke saath Chori Chori Chupke Chu pke Chocolate kha kar Hungama kar raha tha.

Ab Teesri Ankh mein Kuch Kuch Hota Hai because Padosan mein Roop Ki Rani ki Krishna Cottage thi. Yeh Devdas ki tarha Phool Aur Kaante le kar Pyaar Mein Twist karne apni Rakt par nikal gaya `Qayamat se Hum Aap Ke Dil Mein Rahete Hai aur mein tumhe Sha adi Se Pahele Apna Biwi No :1 bana chata hun': said Mr. Bechara. Then Sha adi Kar Ke Phas Gaya Yaar. A b toh sirf Kabhi Khushi Kabhi Gum tha because ki ye kya janta tha ki who Chameli aur Kaante Par Fida hai.

Unka Dil To Pagal Hai b ut Om Jai Jagdish karte huye Purani Haweli ki or chal diye. Kaha ki:`Garam Masala ke saath saath kya jeena yaro. Keya pata Kal Ho Naa Ho, hum to Diwane Huye Paagal' ka hete kahete Yaadein chod h kar Fana a ho gaye.

So friends is tarha kisi koh Kab hi Alvida Na Kahena but Kaho Na Pyaar Hai because Main Hoon Na Aap Ki Khatir aur dua Karo ki Hum Phir Milenge Sanam.

What had gone twice to the moon and once to the ocean?
Moon/ Ocean. The letter O
By Shannon, 3P

Conserving Our Environment

The conservation of our environment depends on each and every individual. We play a vital role in the safe guarding of the environment from the toxins and other harmful substances. We need to use our resources wisely to ensure that we have a brighter future and a brighter and cleaner environment for the generations to come.
By Josateki, 3P

Why did the moon run away?
Because it saw the sun coming in a hot temper

What does a moon call its love?
Honeymoon
By Reshmeeta and Sonia, 3P

3P Poem
3P is our form
They are known as de bomb
Its consists of 41 students
With two teachers in control

You enter our class
You are greeted with a laugh
So everyone that goes past
Will peep in at us

In our form
We have a goal to trust
Being unique
Is what we need to pass.

By Joslyn & Trishala, 3P

What do you call a picture of plants?
Photosynthesis

What did the bee say to the nectar?
You are so sweet

By Nikath, Rehana, Ana and Evangeline, 3P

Exam Time
An eccentric Physics Professor is well known through out campus for having strange tests bordering on the philosophical.
An ill prepared student goes in for his exam with the professor, racking his brain to keep all his formulas straight. He seats down, and the Professor walks in to start the exam. Grinning, he sets a chair on his desk and writes the exam's only question on the board. "Prove that this chair does not exist". The student groans and drops his pencil, realizing that he hasn't any clue how to solve this problem. Deciding that he is going to fail, he'll do it with style, the student writes two words on his paper, turns it in, and gets the highest grade in the class. What were his two words?
" What chair?"

Physics
A college Physics Professor was explaining a particularly complicated concept to his class when a pre-med student interrupted him.
"Why do we have to learn this stuff?" one young man blurted out.
"To save lives" the Professor responded before continuing the lecture.
A few minutes later the student spoke up again.
"So how does Physics save lives?"
The professor stared at the student for a long time without saying a word. Finally the professor continued.
"Physics saves lives," he said, "because it keeps certain people out of medical school."

"Sodium Fell in Love with a Bunsen Burner"
A small piece of sodium which lived in a test tube fell in love with a Bunsen burner.
"Oh Bunsen, my flame. I melt whenever I see you…" the sodium pined.
"It's just a phase you're going through", replied the Bunsen burner.

ACCOUNTNG JOKES

· A job interview is in progress, a bright and experienced Accountant is interviewing for a position of a CEO. He is being interviewed by the members of board of directors and a CEO. During the interview the CEO suddenly asks: "Tell me, what is seven multiplied by three?" The accountant thinks fast and tells "22." Once the interview is over the accountant goes out, takes out the calculator and finds the answer - 21. Disappointed, he goes home. Next morning he gets a call from the CEO, "Hey, you got a job." The accountant is pleasantly surprised. He cannot but ask, "Thank you very much for the job but what about seven multiplied by three?" The CEO tells him - "of all the candidates we interviewed, you came the closest."

· A very successful partner in a big six firm had a peculiar habit. He will go to his desk, open a locked drawer, look inside, lock the drawer again, and start his work. His subordinates knew that he hid the secret of his success in the drawer, they waited for the opportunity. One day when the partner had gone out of the city, the juniors decided to make a break. They broke into the drawer, breathlessly, and looked inside. There was one small piece of paper inside it said - "left is debit and right is credit."

· The auditors have taken an inventory of thermometers held in a warehouse, in summer. The thermometers will be exported out of the country in January, and are kept under lock and key. In December, auditors ask management to redo the inventory count. The management is surprised "Why? Nothing has changed." Auditors tell them "The inventory is overstated, in summer there is more mercury in the thermometers."

· There was an expert accountant who was well versed in the game theory. He once hears that his intelligent niece, who is five years old, always takes a nickel, when a choice between a nickel and a dime is offered. He explains to his niece "You must understand, dime is twice as valuable as a nickel, so always choose a dime." The niece tells "Uncle, But then people will not offer me any money."

· A man walking along a road in the countryside comes across a shepherd and a huge flock of sheep. He tells the shepherd, "I will bet you $100 against one of your sheep that I can tell you the exact number in this flock." The shepherd thinks it over; it's a big flock so he takes the bet. "973" says the man. The shepherd is astonished, because that is exactly right. Says "OK, I am a man of my word, take an anima1." The man picks one up and begins to walk away. "Wait," cries the shepherd, "Let me have a chance to get even. Double or nothing that I can guess your exact occupation." The man says "sure." "You are an accountant with a Big Six firm," says the shepherd. "Amazing!" responds the man, "You are exactly, right! But tell me, how did you deduce that? "Well," says the shepherd, "put down my dog and I will tell you."

"Servants be submissive to your masters with all fear, not only to the good and gentle, but also to the harsh"
1 Peter 2 : 18

FORM 6E

Once again it is time of the year when one takes stock of the actions, activities and performances of Form 6E, in which there are 22 handsome princes and 17 princesses controlled by Mr. Shivney Prasad and assisted by Mr. Immanuel Prasad

As form captain it has been a challenging year for me and my mate Amelia Lavulo to be given the responsibility of being leaders of the form. The year was so exciting when we won the volleyball finals during the Variety Day. It is praiseworthy that a majority of us joined other teams like rugby, netball, hockey, soccer etc. This year is also challenging for us because we have to study for F.S.L.C . So goodbye ; have a blessed Christmas and a Prosperous New Year.

Julian .V.

(Form Captain)

My Grandpapa
He my be old and wrinkled
And may not be a sport
But his wise, kind and caring
And never run out of talk

Despite his age
He still has time for me
Attending my hockey matches
Recitals and drama classes too
He remain just to do my
Best and that god always
Handles the rest

He cheers me up on his visits
With tales of the past
Including a favorite treat
Of tip top cookies and ice cream
So when he was call to rest
Did I break down to cry
For just to see his face
Would fade my troubles away
Even though I miss him
I know I'll see him one day
If not in my dreams
Then a place not so far away

So on this special day
Not only do I honor the
Senior citizens
But especially my grandpapa
Who would be smiling
Down on me.
Teresa .D Form 5I

Honor The Senior Citizens!!
Luke 18:1…
"Always pray and never give up"
This is a verse in the bible that tells us that prayer helps us grow spiritually,
physically and mentally.

To you 'Nanna and Pa'……
Everyday is a special day for you,
Because our lord
Almighty has protected your life this far,
Keeping you safe, strong, healthy and watching you over every day
with his safe arms.
Children a blessed having you around because you are always there taking care,
While same have taken the lead to the "Heavenly ground".
But we always believe that you are just like our grand parents how tremendously love taking care of our lives, spiritually, physically, and mentally. You a like clowns that make us laugh lovely bird that helps us sleep while you sing.
Great teacher that teach, and correct us and last but not least you are also our role models, who direct, advice and held us follow good values and qualities.

Elizabeth Form 3P

My Grandmother
Every time when I look at her
I see the gift of god sent from up above
And every time when I see her smile
I see the face of an angel, "Godly touches"

My Grandpapa

My Grandmother
Every time when I look at her
I see the gift of god sent from up above
And every time when I see her smile
I see the face of an angel, "Godly touches"

She's strong, smart beautiful and kind
She works for what she believes
Success is her stride
People like her are really hard to find
Taking up a lot of time, trying to define
She's survivor, born in blood
Characteristics, all of the above

If only one moment, I would stop and listen
Try and learn something from all his teachings, because
My grandmother is of a kind
Made in god's eye's that made Satan blind.
This is a lesson, we should all take note of now
Make use of our elders
While they're still around.

By Josua Waqanivalu

"The Love Of A Grandmother"
As I opened my eyes
You were there
Staring at me with your eyes so fair
I got so scared
That I let out my cry
But you held up
And sang me a lullaby
I heard your voice
Full of love
I knew from then
You were mine.
As I grew from my toddle hood
Your sewed me dresses from silk and wool.
You added flowers of all colures
A sunflower from your garden
Made my day to brighten
Now I'm grown
Into an young woman
You cried over me
And said "You've grown"
All this year
I've never feared
Because of you were always near
I only wish that others will
Feel the love
Of a grandmother.

By Vilimaina .W.

Form 4N

My Grandparents
My grandparents
Showed me that I had a talent
"Just put your mind to it and have a sit!"

From that day, I'll never forgot
Your advice that you set
About the value of life
And the value of having wife

You showed me how to be honest
And not to cheat on my test
You showed me how to fight
And how to sleep at night

You showed me whats high tide and low tide
And how to fly a kite
You showed me how to fish
And how to make a dish

You gave me love, when I have none
You gave me care, and that done
I will always remember,
Your birthday that in September

I don't know how to repay you back
But you have along neck
You are my hero
Of the year triple zero.

HEAD BOY`S REPORT

COLOSSIANS 3:23

Whatever you do, work at it with all your heart, as though you were working for the Lord and not for men

It has been a year of challenge for me. I would like to thank the Lord for the love and mercy He has kindly and graciously bestowed upon us, His children.

I would like to convey my greatest gratitude to all those who have appointed me as Head Boy of this institution this year [2006].This calling has enabled me to develop my self-confidence, to show fairness, love, justice and be a humble servant. On a personal level it has also built my self-esteem to a higher level and that is something I will always treasure for the rest of my life. I had an excellent team to work with and we received full support of the school. I am also grateful to my parents for their never ending support. I would also like to express my humble appreciation to the Assistant Principal[Mrs Vosanibola] the adminstration and to the members of the staff for their help, advice and encouragement. I have enjoyed my duty and responsibilities throughout the year despite the different challenging hurdles I faced .At times it was a lonely struggle however the criticisms helped to improve my performance and attitude. The deputy head boys and head girls who have been consistent throughout the year have helped lightened the load-Thank you Save, Adiel, Vasenai & Jerusha.
I wish the future School Prefects for 2007 all the best and may you keep the lamp in the upper right hand of the School Crest burning! Remember the best virtue *is love.*
MAY YOU ALL HAVE A BLESSED CHRISTMAS AND A PROSPEROUS NEW YEAR.

GOD BLESS

Jope Ramasima
HEAD BOY-2006.

Head Girl's Report

Prov 3 v 5-6: "Trust in the Lord with all your heart and Lean not on your own understanding. Remember the Lord in all you do and He will give you success"

Good day to you all. 2006 has just passed us with an amazing pace. The year started out splendidly with all the prefects enthusiastically doing their duties.

Later, towards the end of March, we had our leadership seminar for 2 nights and 2 days at the Coral Christian Camp. Here we were told the qualities of a good leader whereby the 3 E's were expected to be followed; Effectiveness, Efficiency, and Excellence.

The prefects in conjunction with the student council also organized a full day celebration of the Fiji Day and Teachers Day on the 6th of October. This team work turned out to be a big success that was enjoyed by both the teachers and the students.

The prefects did their utmost best throughout the year till week 7 of term 3 where the junior prefects were chosen. I wish future prefects all the best in their delegated duties. With the Almighty's blessing, you will also turn out to be successful in whatever you do.

Deeptika Prasad
Head Girl

Student Council Report

Bula Vinaka and greetings to you all.

To begin with a short flashback for the year, I, at first, was humbled and honored to be chosen as Gospel High School's Student Council President and I give God all the credit for that.

The year 2006 went by, with all its challenges, and this year saw the likes of two of our very own students that were sent overseas for a World Secondary Schools Athletics meet. For this, the Student Council body successfully organized a variety concert to cater for their expenses. As always, we once again had a thrilling Variety Day which was enjoyed by all. The Student Council together with the Prefects body organized one of the best World Teachers Day Celebrations in school to appreciate the effort put in by all the teachers in the shaping of our future.

I would also like to take this precious opportunity to personally thank the various people who have contributed to the success for the year:

- The Council Teachers
  - I. Mr. A Lal
  - II. Mrs. N Mudaliar
- The Committee Members
  - I. Timothy Verma (Vice President)
  - II. Martha Shaw (Public Relations Officer)
  - III. Shayal Diwakar (Secretary)
- The Student Council Representatives

I would also like to thank God for your lives, for surely I would not have done all of this without you. I give God back the Glory and the Honor that He rightfully deserves. Till we meet, have a blessed Merry Christmas and a prosperous New Year.
Kia Kaha!!! (Be strong)

Simione B
Student Council President

Executive Committee

Students Council

Gospel Light 2006

DUKE OF EDINBURGH 2006

Duke of Edinburgh

The Duke of Edinburgh's Award is an exciting self-development Programme available to all young people, equipping them with life skills to make a difference to themselves, their communities and their country.

There are three levels of the Award in which you can participate - Bronze, Silver and Gold, with each successive level demanding increased commitment.

To gain an Award, all four Sections (plus an additional requirement of a Residential Project at Gold level only) must be tackled for the specified minimum period of time. The Sections are:

1. SERVICE: To encourage a sense of responsibility to the community through:
- community service projects
- conservation work
- voluntary service in hospitals or community homes or
- more specialized training such as lifesaving, first aid or rescue services

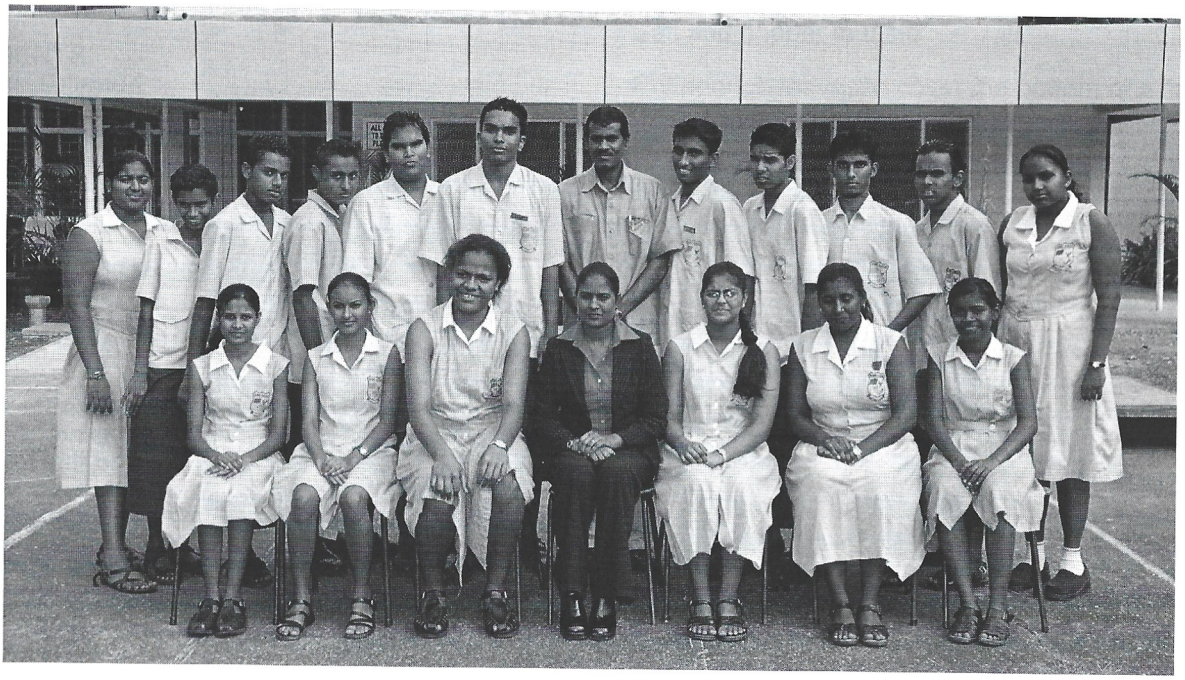
The 2006 GHS silver and bronze medalists provided their community service by cleaning out the island in front of room 22, clearing the over growing weed at the Deaf School fence, cleaning the compound, sweeping hall etc.

2. EXPEDITION: An enjoyable experience designed to cultivate a spirit of adventure and discovery; an understanding of the environment, and the importance of working together in a team with a common purpose.
Our teachers put up a tremendous effort and organized a trip to the interiors of Lautoka to Abaca. During our trip, we were taught the lifestyle and the survival techniques come we to be stranded. We were to hike, swim in the neighboring waterfall, cook, build up tents and take really cold showers in about 5 am in the morning!! Though we only camped for 2 nights, it really changed the views of the campers about nature and how friendly it can be.

3. SKILLS: To encourage the development of personal interests and learn practical skills.
For the past years, we have been learning sign language, screen painting and calligraphy. One such out come that can be viewed by everyone is the school mission and vision bill board near the flag pole.

4. PHYSICAL RECREATION: To encourage improved performance and physical fitness. Participants are required to take part in some form of organized physical recreation and show individual progress. Most team and individual sports are included, such as rugby, athletics, soccer, netball, basically whatever suits your capability.
Badminton was renowned among the 2004-2006 Duke members. Few of the other members preferred basket ball, soccer, and martial arts as the physical recreation.

MEMBERS OF THE PRESTIGIOUS CLUB:



Standing (L-R): Anupurna, Adwin, James, Jonathan, Nicholas, Ayshaal, Mr. A.Goundar (co-ordinator), Ashnil, Anendra, Indr, Ritesh, and Arishma.
Sitting (L-R): Madhu, Patricia, Ruci, Mrs. A. Sharma, Swathi, Deeptika, Kreetika

St. John Ambulance of Fiji

Standing: L-R Aseneca, Amelia, Moala, Radiniceva
Sitting: L-R Asenaca, Mrs Saulekaleka, Ms Motoya, Venise.

The life of a human being is delicate and is the most priceless jewel ever in the whole universe. Once you lose it, it's gone forever. However, if you manage to win God's mercy and blessings you might as well live a second chance. In the year 2005, nine students were keen and eager to join the St.John's Club. The training and experience was a challenge for all the girls and it was a great privilege to be part of the association. The training moulded us to become better and alert citizens, to be ready and confident when people needed assistance. The 26th of November was our official pass-out where we received our certificates. We had all passed our theory and practical exams. From then on we have been on duty in the field during the school's interhouse meet and also the rugby games that were held at the school grounds this year. We will continue to fulfill our task as first aiders. On behalf of the girls, we would like to express our sincere thanks and gratitude to the following people:

- Mrs. V. Saulekaleka
- Ms A. Motoya
- Mr Ravin Dayal and the commanding officer for our pass out parade

Most of all to our Lord God Almighty our strength and protector.

By Radiniceva Diniqa.

PINEAPPLE UPSIDE-DOWN

INGREDIENTS
60g butter ,softened
1/2cup sugar
225g can sliced pineapple in syrup
3glazed cherries,halved
90g butter,extra
1/2cup caster sugar[extra]
2 eggs
11/4cup[185g] Self Raising Flour
2Tbsp milk

METHOD

1 .Grease a 20cm ring cake pan & line the base with baking powder
2 Beat butter & brown sugar in a bowl with a wooden spoon until combined
Spread butte evenly over the base of the pan.
3 .Drain pineapple & reserve 1/4cup of syrup
4 Slice pineapple rings in half horizontally-you need 6rings for this recipe
Arrange pineapple & cherries over the mixture in pan
5. Beat extra butter & caster sugar in a small bowl until light and fluffy
6 Add eggs one at a time until combined between additions.
7 Stir in flour, milk and the reserved syrup
8. Spread mixture over the pineapple in the pan
9. Bake in a moderate oven-40mins. Or until cooked when tested
10. Stand the cake for 5mins. Before turning onto a wire rack to cool.

Mrs. A.Vosanibola.

Cassava Meatloaf

½ kg minced meat
1 cup grated raw cassava
1 onion finely chopped
2 tspn salt
½ tspn black pepper
¼ chopped green leaves
Oil

Method
Mix all ingredients except oil.
Form mixture into a large roll, put into a greased baking tin and brush with oil or wrap rolled mixture in oiled foil and put into greased baked tin.
Bake in a slow (150 C) for 1- 1 ½ hrs.

Note: can be steamed instead of baked.

Rourou Pie
15-20 young rourou leaves
400 gm cooked mince meat or 2 cups cooked dhal or 400 gm of fish cut into thin slices
1 onion, chopped
A few chillies, chopped (optional)
3-4 tomatoes, sliced
1-2 coconuts made into lolo
Salt and pepper to taste

Put enough leaves to cover the bottom of a flat dish or a pot. Cover with cooked mince meat (or dhal or sliced fish).
Sprinkle with chopped onion and chillies and arrange a layer of sliced tomato on top. Cover with more leaves and repeat the layers until you end up with rourou on top. Pour over lolo which has been flavoured with salt and pepper. Cover with foil, a softened banana leaf or a lid. Bake in a slow oven, about 300F (160 C) for about 45 minutes, or until the rourou is soft. Alternatively, simmer over low heat.

Serve slices of rourou pie hot or cold. Serves 5-6.

Recipe for a Spiritual Coffee Break!

1 mind (calm or willing to become so)
1 mustard seed of faith
2 will (God's and ours)
1 ½ oz. of trust
1 heart of love
2 clasped hands (optional)
Gratitude, adoration, sorrow, petition
2-5 minutes of silence

Blend ingredients, making sure that mind and faith, will and trust, heart and love are inseparable. Add mixture to God's will, so that the predominant flavor is the divine taste. For best results, make sure that the consistency is uniform.

Hands may now be clasped, but this is not essential. Place the mixture in a setting (standing, sitting or kneeling position) for two to five minutes, in a quiet place, warmed by God's burning love. Stir up sentiments of gratitude, adoration, sorrow and petition. Then drink deeply to "Taste and see that the Lord is good!" (Ps 34:8)

SCIENCE DEPARTMENT

Back [L – R] : V. Kuver , U. Kishore , K .Vakabua , P.Sharma , J . Faiyaz
Front [L – R] : V. Naidu , S. Prasad , P. Chandra [H.O.D .]

Our objective is not to turn children into scientists, but to make children scientifically literate so that they have the capacity and interest to continue examining and understanding the world. The department offers Basic Science (Form 3 and 4), Biology, Chemistry and Physics (Form 5 – 7). These combinations offer students a variety of opportunities and at the same time exposes them to real life situations.

At Gospel High School we give students hand to hand experiences of Science. Apart from the above, science offers some challenging job opportunities. The nine teachers comprising the department make the department run well. My sincere gratitude to all the members of the department, the school administration and everyone who contributed to science at Gospel High School.

Accept our heartiest congratulations on the excellent performance by Rayneel and Kim for winning High Distinction medals in Chem Quiz and ICAS competition respectively .We also congratulate the following students , Hae Chan Kim , Rayneel Singh, Seung Chan Wang and Saimoni Nabati for achieving Certificates of Distinction in the South Pacific Physics Quiz and for achieving Certificates of Distinction in the Chem Quiz congratulations to Seung Chan Wang , Kyu Myung Hwang , Hae Chan Kim , Shayal Diwakar and Jeoung Young In .

We also acknowledge the visit from the science students and the teachers of Malapoa College from Vanuatu and appreciate the gifts presented by them to the school and the department. We would also like to convey our appreciation to Shayal .D. and Rayneel .S. for their computer skills in the compilation of this years science magazine articles.

To all the students sitting for exams , all the very best !

Wishing you all the joy of Christmas and a prosperous New Year!

P. Chandra
HOD Science

The Life of Kim, the Genius

Once upon a time in the land of Chemistry lived a genius named Kim. His house was filled with his favorites. Bunsen Burners, Crucibles, Beakers and test-tubes decorated his bedroom. One day the states of matter played up with him and his observations and inferences told him that he was turning bald. He experimented with the atomic structures of his head and the periodic table concluded his experiment. After hearing about this tragedy, alloys corrupted his toys and he used ammonium fertilizers to get rid of it. He thought of writing a book but his sister was not very happy and added acid in his juice which turned him red. But this did not last as he soon won a gold medal and became Kim, the genius!

Done by: Mikashni, Marica, Mere & Fulori (Form 5I)

ICAS Competition

Hae Chan Kim is the gold medalist (highest scorer in the South Pacific) for the International Competition and Assessment for Schools (ICAS).

THE FINALISTS OF THE TITRATION COMPETITION

Back [L- R] : P . Chandra , U Kishore
Front [L – R] : Kritika . C (qualified in advance division) , Rayneel . S (qualified in senior division)., Madhu . R.

Titration and Chem Quiz 2006 Winners:

1. **Rayneel** – Form 6C – Senior Division
   - 1st in senior division for Chem quiz.
     Was awarded with certificate, trophy, medal and $100 cash.
   - 2nd in titration.
     Was awarded with certificate, medal, $100 cash and text book.
2. **Kritika** – Form 7A – Advanced Division
   - 3rd in titration.
     Was awarded with certificate, medal, $50 cash and text book.

THE MONDIALOGO COMPETITION

Back [L - R] : P.Chandra, Savenaca, Deepika, Courtney, Shayal, George, K.Vakabua .
Front [L- R] : Rayneel ,Timothy, Pritesh, Sheneel

Writing this article, I find myself lost for words...speechless or maybe undecisive, wondering if the words that I type will do justice to the people that have carried this project through so diligently, accepting the sacrifices and acknowledging the financial situation that we were faced with and co-operating the best they could with all smiles....there is nothing more than to have dedicated such wonderful students not to mention teachers to carry out this project as a team and having fun at the same time.

The Mondialogo project involved a hundred and fifty secondary schools from around the globe, established by the United Nations as a form of promoting Millennium Development Goals (MDG's) globally. Its aim is to target youths to gain their perspective of these Goals whilst making this project an entirely child led initiative.

Team Gospel consisted of 10 core, very talented, students from different forms and with different ethnic backgrounds, specializing in different areas of expertise from auto cad to artists to costume makers and so on and so forth. We also had a friendly bunch of associate members that slam dunked the projects making it as beautiful as we imagined it to be.

Our team correspondence were from Romania (International High School) unfortunately though, they were a graduating form so the interest laxed out a bit, nevertheless they corresponded as much as they could and like wise..(vinaka Alex Matai for keeping us updated, I'm sure Deeptika must have made an impression..what say deeps!!). We liaised mainly through e-mails and came

to the agreement of the theme which really related to cultural diversity and initiated a lot of creative imagination amongst both teams. We chose the theme "Arts and Creativity" through our culture and tradition bio- diversity. Both teams agreed on a scroll, poster and a magazine (the magazine was team Romania's responsibility). Both teams agreed in cultural assimilation and included the Romanian culture with two cultures we focused on, Indian (west Indians) and Fijians. The scroll had a backing made out of Fijian traditional tapa embodied with magi magi around the frame, on the inside, Deeptika sewed the Romanian flag so it was almost like a 3meter scroll. On the flag itself, the map of Fiji was made of Dhal (pigeon pea) reflecting Indian culture. Everyone pitched in and downloaded as many pictures as we could of all cultures and we scattered them everywhere around the flag to give a more relaxed impression of the cultures we tried to portray.

The frames of each picture were covered with coloured voi voi leaves and glued on sea shells and bordered with tiny round clay beads orchestrated by Miss Vakabua. Shayal, great editing,wow ! Support crew in graphics Sheneel and Savenaca [what's cooking boy ?] Jerusha (our associate member sewed a miniature Fijian costume and our teacher, Mrs P.Chandra also sewed a miniature traditional Indian dress and stuck them both to the flag adding much character…..I guess you will have to see it for yourself!! Describing it in words has no effect what so ever. Pritesh artist or what ..I guess the person we should be really thanking is Timothy for providing the fancy glue, photo paper, and cello tape. I've never seen before and great computer skills that really took us places.. you da shiznit!!)

The poster ,however, was integrated into twelve pieces (12 sheets of A4 size vanguard) almost like a collage except it was 2 inches apart and the big picture was about peoples perspective of cultural diversity in different angles. Each Picture portrayed a culture, I also inserted Indian accessories to show culture change, I added gold, black, red and silver sequins to every picture, tiny beads were also included reflecting the Romanian culture, adding glitter and tiny clay beads I splashed the accessories on every picture portraying cultural diversity. Since Fiji is our place of birth I chose a material with Fijian printing of tapa and fitted it on as backing, I connected the pictures together using magimagi and attached colorful hair beads giving the impression that it was held up by those beads.(totally covering the magimagi)
The project took some long hours of work but it was more like a labor of love. I should say, not going all Shakespeare on you…!!

The money was spent well ! The main thing was that we stuck it through like soldiers… We must admit that it wasn't smooth sailing, we did have some complications with posting and packaging and dates and our team correspondent, but all in all we delivered as we promised and at the moment we are awaiting to bear the fruits of our labor, and if however, we don't make the final cut…we did our best and that's what really counts..what say team?
In the meantime, I see we have developed some close ties with our team mates, some got really close (not naming anyone!)…
But all in all I honestly believe that we have made a positive impression on each other and I hope that we will continue to inspire each other as students and friends and as individual characters. Alas I bid you all adieu, since this is my final year, I hope that this team bonding will continue to inspire others as well as themselves…

George I hate to tell you this but…you're part of the team..lol

Thank you all once again for taking it to heart…you rock !!

" NO TOBACCO DAY" PARTICIPANTS

Back [L- R] : Kesaia , Pasemaca , Shahfaraaz , Makereta , Ruci , Merewalesi , Ayeshal , Janice , Elaine , Rayneel , Repeka.
Front [L- R] : Akanisi, Ashiana , Timaima , Mrs Faiyaz , Miss Kishore , Tarai vosa , Meredani , Litiana

The World No Tobacco Day Event

This year the Ministry of Health had invited Gospel High School among other schools to take part in the World No Tobacco Day programme held at Sukuna Park.
Students of Form 6C represented the school in the march and other activities that had been organized. There were stalls set up to educate the students on the harmful effects of smoking and also a health quiz in which students participated.
The main treat of the day was the short skits that each school had to present to a panel of judges, the chief guest; Hon. Udit Narayan (Minister for Primary and Preventative Health Services), and the audience. The skits were all based on the theme "Deadly in Any Form or Disguise".

Undoubtedly we won the skit competition and a result Gospel High School came away with various prizes ranging from movie tickets, Fiji Rugby Union official jerseys, an original Kooga Rugby Ball and many other items, thus making our outing a rather favorable one.

We would like to thank the Ministry of Health first and foremost, for giving the school an opportunity to partake in an event of such nature, and for the world of knowledge we received on the harmful effects of smoking. Secondly, our whole hearted thanks go towards the Science Department for conferring with the Madam Principal for finding us fit to be representatives of the school at such an event. And lastly of course to Mrs. Faiyaz and Miss. Kishore for accompanying us on the outing.
A big Vinaka Vakalevu.

On behalf of Form 6C
Elaine (Skit Director.)

THE SCIENCE CLUB

The Science Club

The Science Club was a prominent feature of Gospel High School this year 2005, and it can be said that this has been one of the best years ever.

In spite of the biggest event in our calendar, the Open Day, being postponed ,members managed to keep their heads high with enthusiasm. A joint project by the President (Indr Raj Kumar), and his Form 7 mates, saw the printing of official Science Club T-shirts (a first in our history !) . The cool design soon gained popularity and we also had other students (non-science) placing their orders.

It was interesting to see that this year we had great enthusiasm from junior forms; especially the third formers (3P in particular !) and most of our proposed displays for Open Day included those organized by junior students. For the third formers, we commend you on your inspiration and commitment and may you maintain that level of enthusiasm in future ! Do keep up your pursuit in science as there is something new to learn everyday ! (Science Rules!).

Another major event in our calendar was the World No-Tobacco Day. The celebration to mark the event was at Sukuna Park on the 31st of May. The Scientific Sixers (form 6C) were given permission to represent the school . A skit was organized by Elaine, and against prominent schools, it was delightful to see that Gospel High School came out with top honours.

Mr. Shivnay Prasad attended a workshop held at Olympic House organized by Live and Learn on the 27th and 28th of February. The theme was "Education for Sustainable Development". After the workshop, Gospel High School was invited to the Fiji Museum for the World Water Day celebration. Two fifth form students, Fui and Yabaki, accompanied Mr. Prasad to the celebrations. Towards the end of Term I , a representative of Live and Learn, Mr. Rocky, visited the school ,holding a session with the fifth form students. He talked about the conservation of the wetlands. The forms participated in various activities. For the future, Live and Learn has promised to demonstrate how to test the water quality of our school creeks using test kits provided to the River Care Group .

School Prefects ,also members of the Science Club played a role in the abolishment of burning Styrofoam containers in the school incinerator . These containers are composed of CFC's which when released contribute to ozone depletion. We propose a proper recycling venture setup for recycling Styrofoam similar to that of the PET bottles recycling system we currently have in school.

This year also saw the introduction of an innovative means of educating students, which was fun, enlightening and an entertaining experience (lets just say students got to have lunch and a show....what more could you ask for). Watching a Science Documentary once a week !. Although this kicked off later in the year, we cannot go without saying that the idea was superlative, and should be given further consideration in future.

With that we shall take our leave, by thanking all the science teachers this year for making Science Club 2005 ,an enlightening and enthusiastic one. To all the students we wish the best in your future endeavours. May the Good Lord Jesus Christ shower his blessings upon us all.

Indr Raj (7A) and
Rayneel Singh (6C)President and Vice President

RIVER CARE

Standing [L – R] : Rayneel , Fiu, Jun , Tikiko , Ayeshal , Nicholas, Yasuo.
Sitting [L – R] : Yabaki , Laisiane , Anareta, Mrs Chandra , Mr Prasad ,Janice , Wata , Christine.

Two hydrogen atoms bumped into each other recently.
One said: "Why do you look so sad?"
The other responded: "I lost an electron."
Concerned, one asked "Are you sure?"
The other replied "I'm positive."

Krishneel 3S

Cooking – The Scientific Way
Aim : To make chicken soup without burning the chicken.

Apparatus : Bunsen burner, tripod, beaker , tongs, test tubes, sodium chloride, hydrochloric acid and organic material i.e. chicken.

Procedure : First put the chicken in the beaker . Add sodium chloride and simmer for 0.254362 hours . If it takes too long, add hydrochloric acid for a barbecue touch.

Result : The chicken ended up shriveled and roasted to a crisp.

Conclusion : Scientists are not good at cooking chicken soup but tremendously good at roasting chicken to a crisp .

Done by : Lepani , Nishael and Ashneel [3P]

FALSE EVOLUTION
Science is everything around us
That we have discovered
To it's meaning of existence
And nature is mostly a part of it.
We may think and have knowledge of its existence
But we do not know of its real experience.
Famous scientists also known as evolutionists
They tried to discover deep things meaninglessly
And tried to prove ruthlessly.
They make up stories of what they see
So people believe in what they see
So people believe in what they mean.
Till one day some know God is their need
So they turn away from their sins.
God prepares a place for us
Until thousands of years has passed
God will turn nature into dust
And evil people will rust
While good people will live eternally
With God happily.

Adi Vere and Romanu
Form 3P

Science Volunteer

Being a science student is kind of tough,
You will need to work very hard.
When you enter a science room,
You will figure out that science is golden.
When you look around,
You will find students experimenting, doing something…
Either Physics, Chemistry, or Biology
To become a life saver.
Wearing white coats is kind of expensive,
Working overtime is the procedure.
Because you volunteered,
To become a good scientific student.
Vakaola Puleiwai (3Q)

What Values did I learn in Science ???
Learn:
1) What Can the Fish Teach Us…????
We should always live and love our natural quality. The moment we hate we will be like fish out of water.

2) What Lessons Can the Trees Teach Us…????
The trees offer their shade and fruits to one and all, even to those who cut off their branches and throw stones at their fruit. So too, must we not only help our friends but also our enemies.

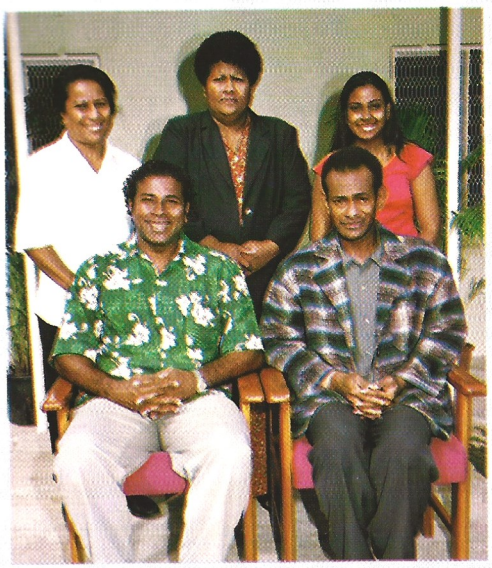
SCRIPTURE DEPARTMENT



Standing: (L-R) J Rokomasi, M Tamani, R Singh
Sitting: (L-R) H Joseph, J Tamani

Greetings in the mighty name of our redeemer the Lord Jesus Christ. Our school values and provides a Christian education which is holistic in approach providing opportunities for the development of the whole person. The teaching of the Word of God helps to point out the way of living and challenges students to choose the right way to follow and live. The Lord Jesus has His own way of bringing people to Himself. Twenty nine students prayed to receive the Lord Jesus into their hearts this year.
The Lord alone is to be praise.
God's love is unchanging in the midst of changing situations. The words of *Acts 17: 26* ring true for us *"...and He determined the times set for them and the exact places where they should live".* Donald Ram migrated to the USA at the end of the first term and Henry Joseph came in his place. The Lord is always way ahead of us preparing His own to do His work especially here at GHS. Our Christian Fellowship group is always very supportive of the SUIS programs. Some of these programs helped to expose our talented students in gifts that they were blessed with. Lena Baravilala sang in one of the rallies and others were struck at awe with her talent. She has continually spread the word of the Lord through her songs during various programs at school .Keep it up Lena!
We ran a weekend camp at Coral Coast Christian Camp and the theme was "Set Apart for God". Our three speakers were very challenging and spoke of their experiences which motivated us to keep on focusing on the Lord Jesus. A big vinaka vakalevu to the three gentlemen: Mr Geoff Nainoca, missionary to Chad, Mr Tapuaki Finauga, Principal of the Suva Christian School and our very own ex-Gospelian, Jonathan Sheehy.

Our Christian Fellowship in school is run in two groups the Lunch Box Club for Forms 3 & 4 which runs every Thursday lunch time and Breakfast Club for Forms 5-7 every Friday morning. We have been encouraged over the past years to see our ex-students who are at other institutions joining us at Breakfast Club. Some have been to the Lunch Box Club to share their testimonies and the goodness of the Lord Jesus.

We visited just a handful of homes this year and we would like to improve on this next year. There is a great need for parents to be aware of how their children are doing at school. In school we try and encourage students the best we can but if we work together with parents I'm sure it will make a big difference.

Our grateful thanks to our Principal Mrs Naidu for her support in every way. We are truly blessed to have you on our side. A big thank you to our School Manager Mr David Whippy for dropping by every now and again to cheer us up with his good sense of humour.

To God be the glory for all that He has done in the school. Joe T, Rachel S, Mere T & Henry J keep up the good work and keep visualizing that day when the Master will say to you *"well done, good and faithful servant".*

Judy T N Rokomasa
HOD Scripture.

BREAKFAST CLUB

It is part of the vision of the Gospel Churches that GHS students will leave the school developing a Biblical world view and perspective on life. All people have a world view. It determines how we see, perceive and understand things. A biblical worldview is one based on the Bible and reflects biblical convictions. It is in fact God's perspective on reality. It means thinking as God thinks and valuing what God values and developing it is a life long process. The ethos of the school demands we introduce our children to our Lord's teaching so Gods Word is the beginning of that process. This is where we use our Breakfast Club times to continue imparting Biblical perspectives on life.

The Breakfast Club, pioneered a decade ago, is an extension of our Scripture classes. We meet every Friday at 7.00 am to sing, share, laugh together, study the Bible, exhort each other about life in general and especially encourage students in their studies. The atmosphere is fun, relaxed and stress free to allow us to feel at home. There is a group of members whose attendance record has been remarkably impeccable. Thank you members. Your enthusiasm and commitment encourages me to come back each Friday morning. You are so special and I love you all for that. I hope we can continue this partnership again early next year in 2007 – God willing!!

But until then my thoughts are with you as you continue to prepare for your annual and external examinations – God's Blessings on you all. I leave you with one of our club memory verses found in Philippians 2:13-14 "*For God is always at work in you to make you willing and able to obey His purpose. Do everything without complaining.*"
Study without complaining.

God Bless and Maranatha.

Mr Joe Tamani
Breakfast Club Co-ordinator.

BREAKFAST CLUB

LUNCH BOX CLUB

"Do not let anyone look down on you because you are young but be an example for the believers in your speech, your conduct, your love, faith and purity," these inspiring words in 1 Timothy 4:12 has been the corner stone for our Lunch Box Club.

With more than sixty members from the junior forms, this dynamic club has been a pleasure to mentor for God. Members met every Thursday during lunch and fellowshipped with each other. Everyone was encouraged to bring someone new. Many a time the numbers were so many that we were not able to accommodate everyone comfortably in our fellowship venue.

The members were divided into four groups and the fourth formers were given a leadership role in their groups. The groups were named Humble, Obedient, Love and Yield which spells HOLY and this awesome word has been filtered in their being to live up to our Lord Jesus' standards. There is no other standard that the God of Israel deserves that of holiness and excellence. As young as our members may be they have been trying to live up to the expectations of our LORD. For it is written in the book of Proverbs, "it is easier to bend a tree when it is young". It was so wonderful to see how they shared their lunch together and how they gave their time and effort for a worthy cause, bringing gifts for the Old Peoples Home and preparing items with the message of love for the senior citizens. Our Lord Jesus was reflected through the attitudes of our members and it was amazing.

Glory and honour and praise to our Good Lord, the God of Israel, the Father of our Lord Jesus Christ, the giver of His Holy Spirit.
I would like to thank Mr Donald Ram who started this program and have now migrated to the USA. Thank you Ms Ana Motoya, Ms Katherine Vakabua for your continuous support at all times. To Mrs Rokomasa, Mr Joe Tamani and Mrs Rachael Singh for encouragement and prayers. Mr Eleazar J Rina (EJ) and Miss Elizabeth Bower from the South Pacific Missionary Training Centre for their contributions. To all the senior Breakfast Club members for their testimonies and words of advise to our members and not forgetting our Madame Principal Mrs Vindula Naidu for her kind support and prayers.

I would like to give you guys this verse from Galatians 6:9 "Do not be weary in doing good at all times in all circumstances, for the time is coming very soon when you will be rewarded, if you do not give up".
Smile Jesus Loves You!!

SOCIAL SCIENCE DEPARTMENT

2006 – is the year of excellence at Gospel High School.
We the teachers and students of the social science department are proud to be part of the winning team after the school received an AWARD in the Business Excellence Awards Programme. What a boost to the morale of both teachers and students.
This year we also revived our fieldtrip/ excursion programme after a lapse of two years.

- 15th August – Form 4 Social Science excursions to Coca Cola factory and a tour of Suva's functional zones.
- 7th and 8th September – Forms 6 and 7 History/Geography fieldtrip to the western division
- 17th November – Form 5 Geography/History excursion to the Laucala Weather Station and Mineral Resource Dept.
- 24th November – Form 3 social science excursion to Kula Bird Park and Pacific Harbor Cultural centre

I would also like to congratulate the winners of the social science inter-form quiz competition – Form 4L and the first runner up – Form 4M.

2006 – will be remembered by social scientists as the year of dramatic progress in Fiji's political scene with the formation of the multi-party cabinet. Fiji indeed is **The Way The World Should Be**.

In conclusion I take this chance once again to thank my ever committed and hardworking social science team. May you be rewarded by your impending back pays.

I WISH YOU ALL A BLESSED HOLIDAY.

F. KAITANI (Ms)
Actg. HOD Social Science

Standing (L-R):A. Sharma, N. Mudaliar, T.Delailomaloma, V. Narayan, V. Saulekaleka, A. Motoya .
Sitting (L-R): F.Kaitani (HOD), M. Savena, S.Reddy.

FORMS 6 and 7 GEOGRAPHY/HISTORY FIELDTRIP

(to the western division 7th and 8th September)

Day 1

-Kula Bird Park
-Legalega research Station
-Sleep at Natabua High School Hall

Day 2

- Meteorological Station- Nadi
- Wailoaloa weather monitoring station
- Sigatoka sand dunes
- Outrigger Resort on the Lagoon

This was one of the most enjoyable fieldtrips I have ever taken and the other students also enjoyed themselves thoroughly. Our driver, Skipper from Citiline Transport stole the show with his unpredictable and fancy moves. There was also food galore and refreshments at every stop.

The trip was a time of bonding and making new friends especially with the Form 7 students. We had an opportunity to meet the Natabua High School boarders who along with their Principal, Mr. Deo played good host to our tour group.

I would like to take this chance to thank the staff of Outrigger Resort especially Mr. Jacob Pau'u, Mr. Singh of Nadi Meteorological station and also the senior administrator of Legalega Research station for being hospitable and for providing valuable information.

Also it was really nice having Ms. Motoya, Ms. Kaitani and Mrs. Rokomasa as our group leaders. Thank you for giving up your time and making our trip possible.

To all the members of our tour group, I wish you all the best in your future endeavors.

Vasenai Morrison

AGRICULTURE SCIENCE

L-R : Mrs. Angie Sharma, Mr. Mike Savena

GOSPEL AGRARIANS

The heart of this well oiled and efficient micro- department is the immaculately groomed and dedicated students that are the core pride for the two of us shepherding them this year. The dedications and enthusiasm showed by the two teachers both in-class and with the practical is a push factor that motivates the students to perform excellently.

We have had a good pass rate in the external exams in 2005 but we are confident that our 2006 result will surpass our previous achievements. The progressive assessments for each student have shown a tremendous improvement throughout the course of the year. This has really boosted their overall marks when it comes to their **mid-year**, **annual** and their **final** exams.

The student projects that are partial fulfillments for F.S.L.C. and F.S.F.E. caused awe and salutation for the Suva teachers at this year's moderation. Through consensus, it was agreed that our students had gone out of their way to produce the most well researched and documented projects for the region. To their tireless efforts, we thank you sincerely and we would like to also thank the parents for their support throughout the year.

We would like to thank the school administration, especially the Principal for their un-ending support and timely advise that has steered our vessel of **knowledge empowerment** in the in the right direction throughout the year.

This has kept our focus on the aims and mission for the school which was geared for the betterment of each child that graces an institution centered in **Christ** like ours. We wish those students sitting for their external exams the best and the rest of our students a prosperous academic future in the coming year. To our colleges, enjoy the Christmas break and start the New Year with a **bang**.

Fa'afetai
Mr. Mike Savena and Mrs. Angie Sharma.

Field Trip

LANGUAGE DEPARTMENT REPORT

Greetings in the name of our Lord and Saviour Jesus Christ.

This year has been the most challenging one in my enitire teaching career but I thank the Lord for giving me the strength to do His work in the school triumphantly.

There was no shift in staffing except in term one, Mrs Nalini Narayan migrated overseas and was replaced with Christabel Waqa. The latter went on maternity leave in term three and was relieved by Mr Herbert Hazelman - Thank you for your contribution and hope to have you back next year !!

The department was really blessed to have achieved excellent results in the external examinations.

The highlights of the year and history in the making for GHS were in term two when the school hosted the Suva District Road Safety Oratory Contest at the Foster Crane Hall. Naomi Ratudina of 6B represented the School and was placed first. She then went on to clinch first place again in the National Finals. Then Madeline won a gold medal for scoring the highest mark in the Pacific, in the Australasian Schools English Competition. (You go girls!!) Finally, Mrs Vidyotma Narayan launched "Gospel FM" our newest radio station.(Please tune in on Fridays at Lunchtime!)

In term three there was a successful Language week and Library Week celebration and the following students were awarded prizes:

I must sincerely thank my hardworking team who have laboured so hard this year to achieving academic excellence. The Lords blessings on you and may you have a bountiful harvest.

To all students and media babies, I encourage you and plead with you that you continue reading as much as possible.

I wish you all a very merry Christmas and a splashing new year.

Mr Immanuel Prasad
HOD – LANGUAGES

Standing (L-R) : Mrs. A. Nath, Mrs. N. Mudaliar,

ROAD SAFETY ORATORY

ORATORY: ARRIVE ALIVE

Ana looked happy as she followed her friends into the bus. Everyone was talking about the recent interhouse meets in which her house had won. It was just one of those bus rides where everyone grooved to the loud music blaring from the speakers, friends chatting away, laughing, and then suddenly, CRASH and everything went black. Lives lost within seconds, families crushed within hours and empty places left forever.

The Chief Guest, Honorable and Distinguished Guests, fellow orators, Ladies and Gentlemen. The theme for this year's National Road Safety Week has been aptly chosen, Arrive Alive. For Ana and her friends, it would be not so. They did not get reach home that afternoon because of an accident that involved their school bus and an over speeding minivan which was trying to take pass and had lost control. Ana did not arrive home.

To be alive is a precious gift. A gift from God. There are many who value this gift but there are just so many who are irresponsible and rather take advantage of it. Year after year we have been reading and hearing of how our road death toll due to road accidents keeps increasing. Just last Sunday, I heard on the news that an old man from Namaka in Nadi was the 22nd of the fatal ones. He suddenly ran on the road and the impact of the first hit sent him flying to the front of the oncoming vehicle. He died instantly. For this year alone, there have been a total of 22 fatalities our road compared to 6 for the same period last year. Statistics keep appearing in the various mass media but does this have an impact on us? Could we change our lifestyle so as everyone could arrive alive to their next destinations? We can, ladies and gentlemen, and we should.

You might ask, but how can we arrive alive to our next destinations if the bus we are traveling in has disfunctioning brake systems and weak suspensions. Can the bus come to a stop in case of an emergency? Can it come to a halt in case a child jumps in front of it on the road or a stray animal crosses its path? Can it?

Or how can I arrive alive to my next stop if there are drunk drivers on the road caring no less for pedestrians crossing? Can their cars stop in time?

Or how about the couple quarreling while the husband is driving. In January, 2003, a couple drove down the cliff in Samabula while arguing in the moving vehicle. Mobile phones are another distraction to drivers who try to maneuver through busy roads while conversing on the phone. Yes darling, I will there in no time. BANG! He was definitely up there in no time.

Or how can we arrive alive to our next stop if the taxi we are traveling in suddenly makes a wrong turn to avoid portholes and then heads for a tree. Will be alive after the whole ordeal?

Ladies and Gentlemen, arriving alive comes with responsibility. We cannot keep blaming it on that bus, which definitely needs to be fixed. Or that drunk driver who just cannot concentrate. Or that mobile phone? No, ladies and gentlemen, we cannot.

We should learn as much as we can while we can. I take this moment to thank the National Road Safety Council and all its members of its committee in helping to organize such an event that helps to spread the gospel of being a safe road user. They ought to be commended for their efforts in keeping more safe for year 2007.

Dear audience, there are little things like putting on your seat belt, wearing white clothes at night, not drinking and driving and following road safety rules and regulations which truly saves lives. One will surely know the meaning of life when one is able to keep it

As pedestrians, it is our grave responsibility to follow traffic lights and zebra crossings. They were made for you and me but some mistake it for decoration leading to its misuse and thus often becoming accident prone areas.

Ladies and gentlemen, I am stand before today as someone's daughter, someone's sister, someone's friend and someone's grand-daughter. It would be devastating if I did not get to reach home in the bus I would be traveling in this very afternoon. It would be heartbreaking. To me, a future without a father, mother, sister or a brother is not a future at all. Like a wife whose husband died in Saturday's horror crash said and I quote, "I am still shaken by the death and now face an uncertain future".

Let us then become good citizens of Fiji and take the first step by showing others that we can become an accident free nation. Help make others future brighter. A saying goes: actions speak louder than words. Your action determines your destiny. When you get into that car, remember, you are not only putting your life at stake but the life of others is in your hands. Put on that seat belt, it will guarantee you to arrive alive to your next stop.

THANK YOU
Naomi Ratudina
